TUNGSTEN RONNIE RIG

Ready-made Ronnie Rigs, using Covert Dark Mugga hooks and Covert Tungsten components. Includes 3 perfectly constructed hook end sections, so preferred hooklink/boom material can be attached. Available to order in Trade Packs of 5 in sizes 2, 4 and 6 in barbed and barbless.

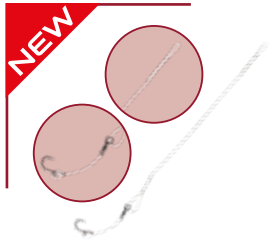

PAGE 25

RONNIE BOOM RIG

Using our Tungsten sleeved Ready Made Ronnie Rig on a 5.5" Boom. Boom constructed of 0.57mm/35lb fluorocarbon with small loop for attachment of terminal tackle of choice. Hook end has a size 12 QC Flexi Hook Swivel allowing the hook to be changed when needed. **Sold in packs of three.**

PAGE 25

CHOD & BOOM RIG

Uses our ready tied Chod Rig on an 8" boom of 0.50mm/30lb fluorocarbon. 2cm loop with size 12 Flexi Rig Swivel for optimal bait movement/rotation. 1cm loop on other end for attachment to terminal tackle of choice. **Sold in packs of three.**

PAGE 25

CRIMPIT TOOL & CRIMPS

Do away with large bulky knots and replace them with a stronger more rigid crimp. Ideal for use on booms, chod rigs and much more. The Crimpit tool comes with 2 crimp sizes and a sharp cutting edge which is perfect for trimming large diameter lines and swivels.

PAGE 29

COVERT RODS

A range of superb rods that do not sacrifice quality and performance for price. The subtle matt black 3k finish and branding contrasts with powerful through action that enhances both accuracy and distance. Great performance, great pedigree at an excellent price.

PAGES 34-35

GT-HD TAPERED

This tapered main line offers an ingenious and knot free alternative to using shock leaders. Being dual tapered the line can be reversed when needed for another 8 metres of taper. It includes all of the great features of standard GT-HD. Our high grade copolymer formula that results in a line of superb quality and reliability.

PAGE 37

TIGER LINE

The legend that is Tiger Line, developed by Big Carp/John Llewellyn, is a 'multi-directional polymer' providing exceptional abrasion resistance and knot strength. Tiger Line resists deterioration in sunlight, making it hard wearing, long lasting and amazing value for money.

PAGE 39

CAMFLEX SPLICED LEADERS

These pre-spliced Camflex Leadfree leaders are supplied in 1m lengths with a long splice at either end. This configuration offers customers final choice in how they adapt and use them in their rigs. Triple pack.

PAGE 45

CAMFLEX LEADCORE LEADERS

This leadcore leader is made in the UK using Covert terminal components and Gardner's superb Camflex leadcore material.

PAGE 45

COMPACT ASYLUM MAT

The design ensures ultimate fish care, whilst allowing amazingly compact storage when collapsed. Heavy duty webbing handles with foam grips for safely carrying fish.

PAGE 52

COMPACT GTN LANDING NET

A 3 piece 42" Carbon Landing Net. Telescopic net arms. 42" Olive Green mesh. Lightweight 3pc carbon handle. Handle can extend from 76cm to 1.8m. Ultra strong/reliable nylon spreader block. Perfect size for the roving angler.

PAGE 53

FOLDING PAN NETS 22" & 26"

Space saving folding frame nets for the specimen angler. Available in both 22 inch and 26 inch versions. Fast drying olive mesh. Supplied in a nylon stink bag. Aluminium frame construction. Ideal for use in fast flowing rivers. 3/8 BSF brass spreader block, compatible with all landing net poles. Super strong die cast spreader block.

PAGE 53

50" GTN LANDING NET

GTN Landing Nets are easy to assemble, strong and yet lightweight. They have a 6ft 2pc carbon handle. Available with a lightweight 50" olive green mesh. Heavy duty nylon spreader block is tough enough to handle even the biggest carp. Shrink grip handle ensures solid grip. Supplied with carry bag.

PAGE 53

NEW LEADS

A range of leads added to the current Gardner leads. Coated in a superb, all-round colour/pattern that we have named as 'Cloaked'. The new range includes a couple of new shapes to suit most situations. Gardner also now have a distance 'Marker' lead in the range. Perfect for identifying features on the lake bottom.

PAGE 58

CAMO-LOT POT

The Gardner Camo-Lot PET Pot is ideal for storing soaked hook baits of your choice, as well as powders, etc.. The self-sealing air-tight lid allows baits to sit safely inside without any liquids leaking. 250ml capacity. Dark green base with camo wrap and black lid. 2 x adhesive labels included to allow content description. Diameter = 8.4cm, Height = 6.5cm.

PAGE 74

CAMO ATOMIZER

Boost the attraction levels of your hook bait or zig with this atomizer spray bottle. The bottle will hold 30ml of your favourite flavour/ attractor and will quickly and easily give you an edge!

PAGE 74

FABRIC TAPE

High strength adhesive fabric tape is ideal for a variety of uses, such as covering banksticks, rodd butts, containers, etc. Available in two finishes, Camo and Khaki, which along with its non reflective properties, make it perfect for blending into bankside and rural environments. Size: Length 10m – Width 5cm.

PAGE 88

NAVITAS GREEN T-SHIRT

Round necked, 160gsm, 100% Cotton stylish T-shirt. Discreet logo print on shoulder. Woven logo detail on hem and sleeve. Gardner Logo on right sleeve. Available in Olive Green.

PAGE 92

G-FORCE STOVE

A powerful and compact stove, with an aluminium and stainless steel foldable frame, making it easy to transport. 3500W at high power with even heating distribution. Constructed with a windshield, improving burning efficiency and saving energy.

PAGE 56

RECTANGULAR ECO BUCKETS

A range of hard-wearing rectangular buckets, finished with a nicely tweaked version of our unique Gardner Camo pattern. They are made from recycled plastic and can be recycled themselves, making them a very eco-friendly option. The see-through lids are easy to take off and put back on and create an air-tight seal.

PAGE 74

DIP KIT

A kit to flavour, glug, boost and store baits and PVA bags. Containing our 1.2ltr Camo Tub, one of each of the Camo Pots, Camo Atomizers and Camo Injectors.

PAGE 74

CAMO INJECTOR

Adding liquids to boost solid or PVA stick has never been easier. The Gardner Injector Bottle is easy to fill with 30ml of your chosen attractor liquid using the supplied mini funnel. Then simply inject the required amount to complete your PVA presentation.

PAGE 74

MOZZI LAMP

The Gardner Mozzi Lamp is the perfect bankside companion for the warmer evenings and nights. Not only can it keep those pesky bugs under control, but it can also be used as a 250lm flash light and a 100lm Bivvy Lantern as well. It is rechargeable via USB cable and also via the inbuilt solar panel.

PAGE 90

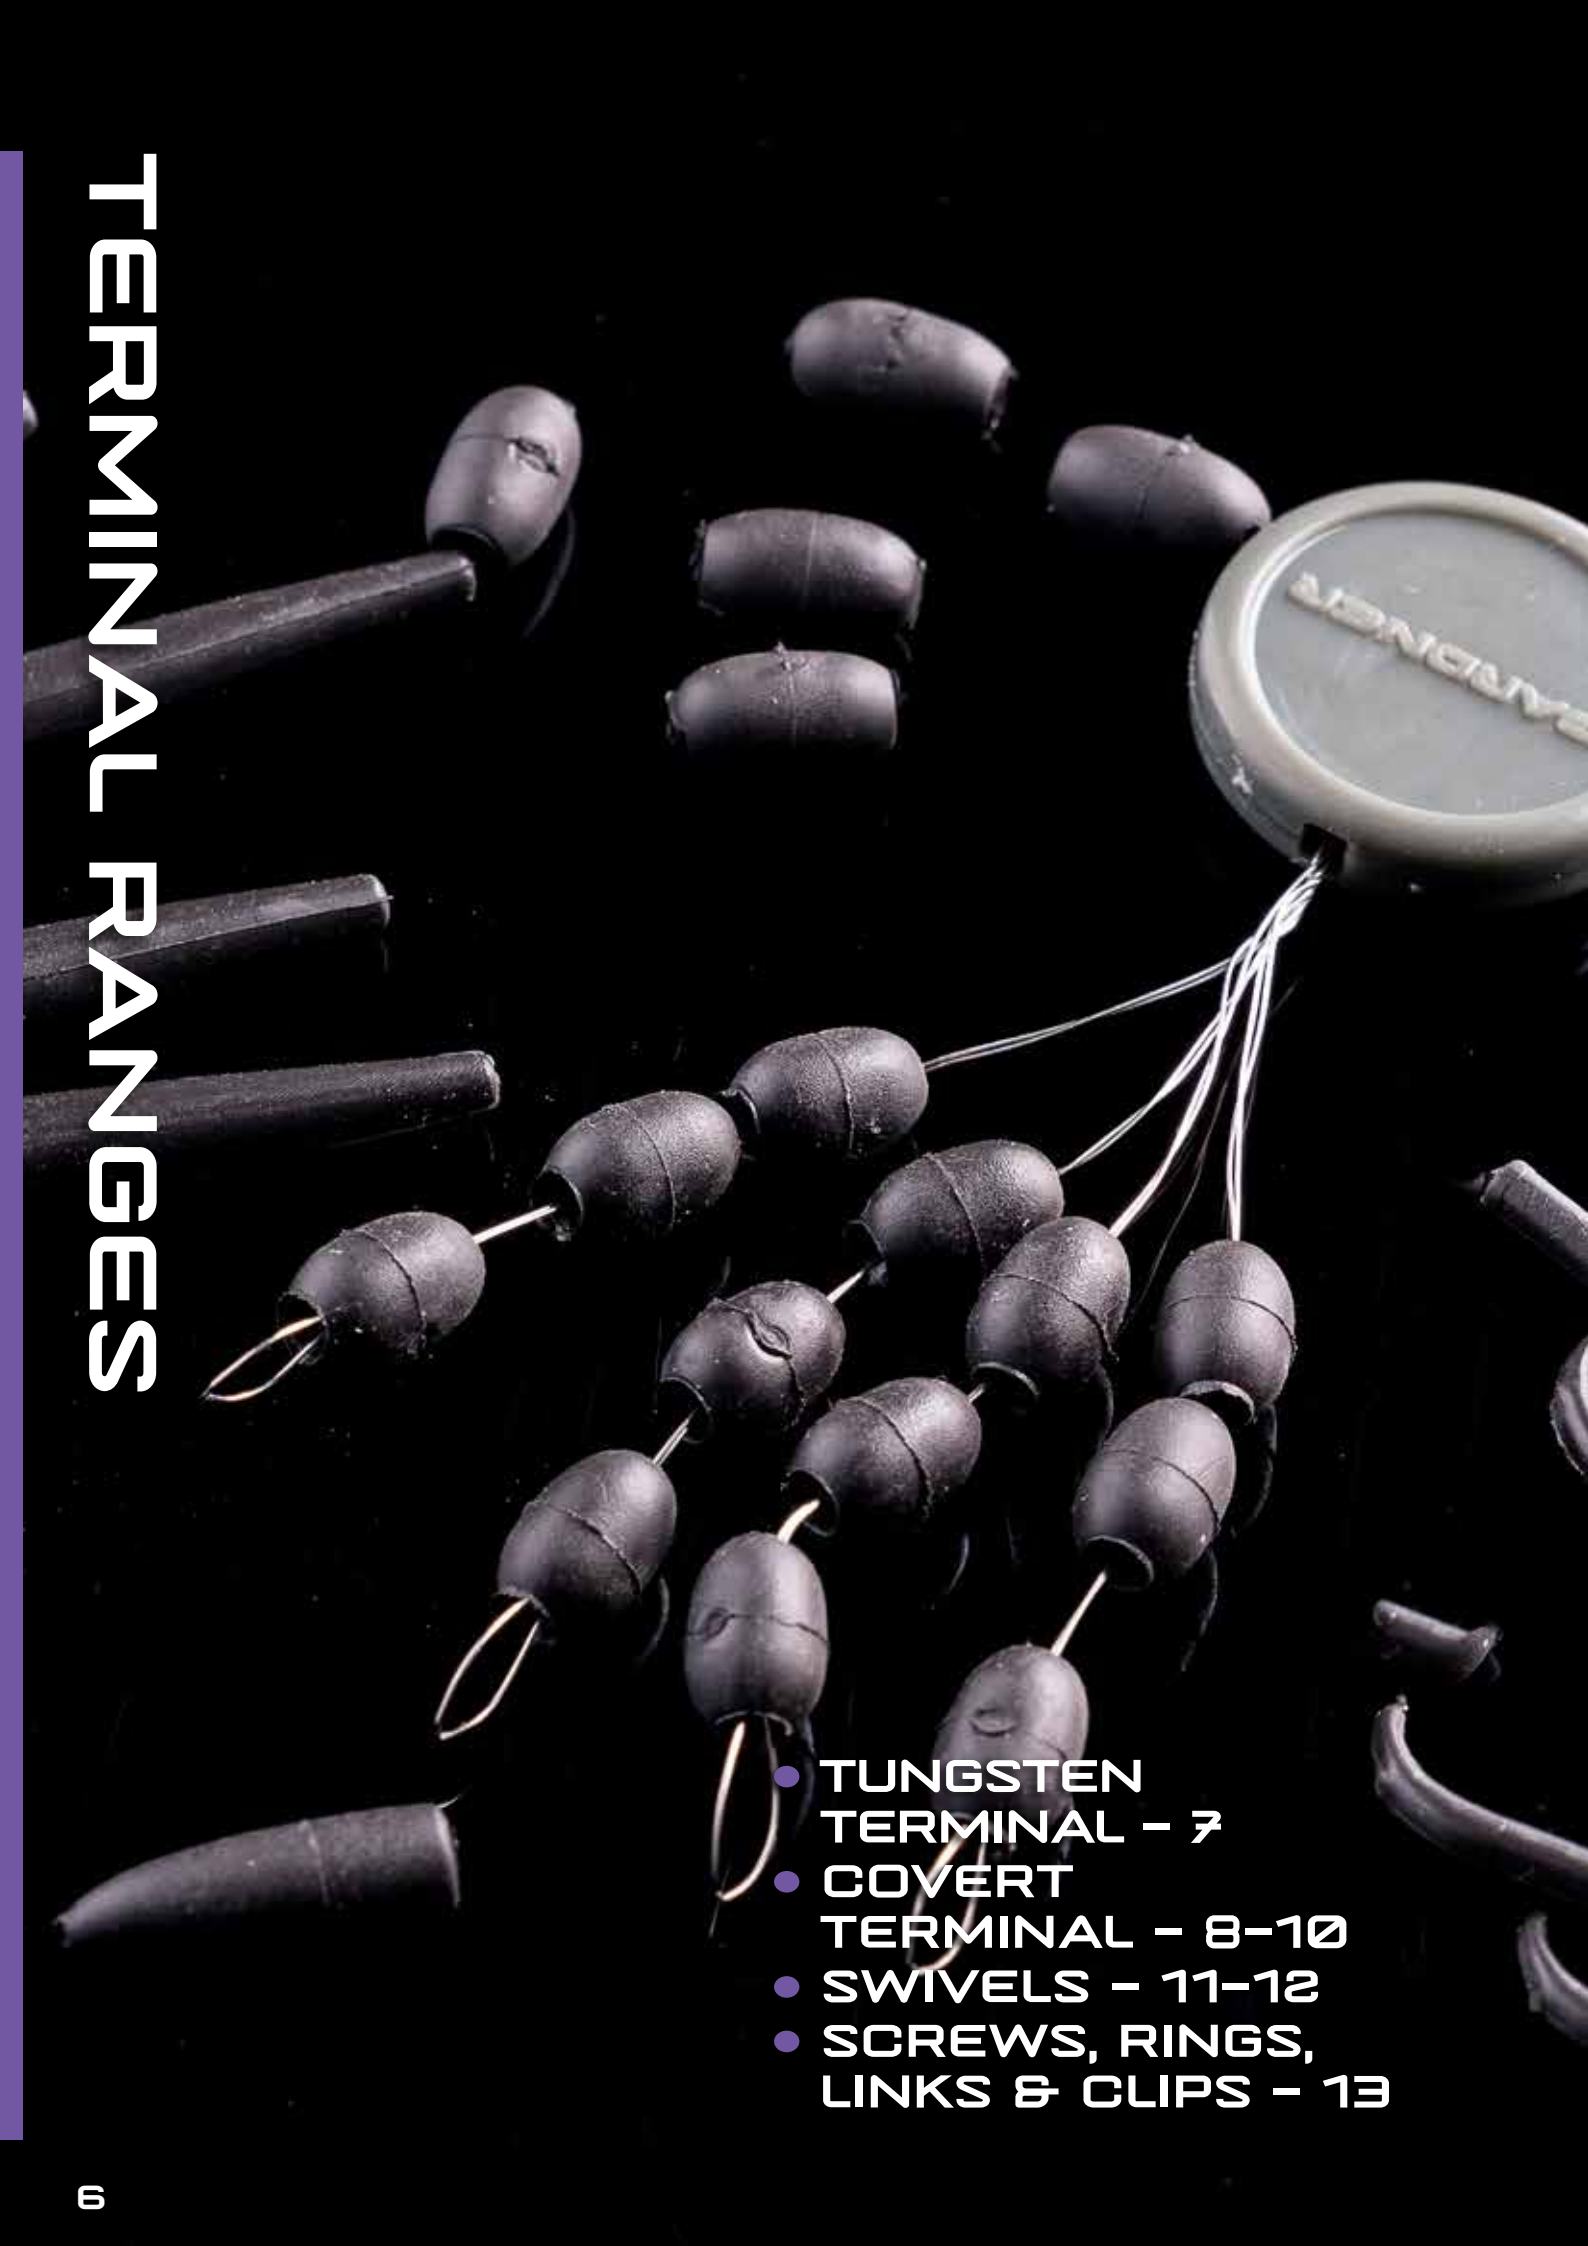

SHERPA ZIPPED HOODY

Beautifully warm and luxurious hoody with 'Sherpa' style lining. Green with subtle Gardner branding on the shoulder and arm. Thick and warm. 'Sherpa' lined hood with matching drawstring. Double needle cuffs and pouch pockets.

PAGE 92

TERMINAL RANGES

- 
- TUNGSTEN TERMINAL - 7
 - COVERT TERMINAL - 8-10
 - SWIVELS - 11-12
 - SCREWS, RINGS, LINKS & CLIPS - 13

RONNIE SLEEVES

The Covert Tungsten Ronnie Sleeves have been designed for use with quick change swivels, to form a tidy sleeve on the hook section. The sleeves slide securely down onto the swivel, securing it in place and balancing the hook bait with no need for shrink tube. This makes changing hooks quick and easy.

- Covert Tungsten Ronnie Sleeves are 12mm x 4.1mm.
- Available in Standard (for smaller hook baits) and Heavy (for higher bouyancy baits).
- 8 beads per packet.

TYPE	QTY	CODE	R.R.P.(£)
Standard	8	TQCB	5.25
Heavy	8	TQCBH	5.25

HINGE BEADS

Hinge Beads have been designed to counter-balance pop-up rigs, benefiting rig performance by creating a hinge at the base of the hook section on looped hook sections. This makes them ideal for use with all variants of hinged stiff rigs, quick change chod rigs or even as a tweaked Ronnie Rig.

- Covert Tungsten Hinge Beads are 8mm x 4.8mm.
- Available in Standard (for smaller hook baits) and Heavy (for higher bouyancy baits).
- 8 beads per packet.

TYPE	QTY	CODE	R.R.P.(£)
Standard	8	TQCHB	5.25
Heavy	8	TQCHBH	5.25

LINK-SINKERS

These high density Covert Tungsten Link-Sinkers have been developed to 'pin down' hooklinks. The sinkers grip the line or leader. They are an ideal base to mould Tungsten Putty onto.

- Covert Tungsten Sinkers are 7.5mm x 2mm.
- They are available in 2 different bores: Low Bore - for use on monofilament. High Bore - for use with skinned hooklinks, leadcore and leadfree.

TYPE	QTY	CODE	R.R.P.(£)
Low Bore	12	TUSS	3.15
High Bore	12	TUSL	3.15

CHOD BEADS

These fast sinking Covert Tungsten Chod Beads have been designed to improve presentation by keeping the line around the rig/hooklink pinned down and can also be used on the chod as a counterweight. The beads grip the line or leader. They feature a tapered bore for ease of threading and to enhance rig safety.

- Chod Beads are 7mm x 4mm.
- 12 beads per packet.
- They are available in 2 different bores: Low Bore - for use on monofilament. High Bore - for use with skinned hooklinks, leadcore and leadfree.

TYPE	QTY	CODE	R.R.P.(£)
Low Bore	12	TCBS	3.70
High Bore	12	TCBLS	3.70

KICKERS

Covert Tungsten Kickers improve the speed a rig reacts and ensure strong hook holds by forcing the hook to flip aggressively. Combines a straight extension and 90° exit angle for the hooklink, improving hooking potential, without closing up the gape of the hook. Stretches over the eye of the hook and fits securely when positioned.

- There are 2 sizes of Kicker available, Long and XL.
- Long-Kickers for most hooks sized 4-6 | XL-Kickers for most hooks sized 2-6.
- Length = 2.5cm.
- 10 Kickers per packet.

TYPE	QTY	CODE	R.R.P.(£)
Long	10	TKSL	5.25
XL	10	TKS	5.25

ANTI TANGLE SLEEVES

These super fast sinking Covert Tungsten Anti Tangle Sleeves have been developed to secure hooklinks onto size 8 and size 12 Kwik Lok swivels. The sleeves protect and streamline looped connections, reducing tangles and pinning down the swivel end of the hooklink.

- There are 2 sizes of sleeve available, size 8 and size 12.
- Covert Tungsten Anti Tangle Sleeves size 8 are 40mm x 2.5mm (I/D).
- Covert Tungsten Anti Tangle Sleeves size 12 are 40mm x 2.2mm (I/D).
- 8 Sleeves per packet.

TYPE	QTY	CODE	R.R.P.(£)
Size 8	8	TASS8	4.75
Size 12	8	TASS12	4.75

POP-UP HOOK ALIGNER

Pop-Up Hook Aligners offer an easy solution to tying tricky D-rigs and create better hook holds by forcing the hook to twist aggressively embedding the hook further into the bottom lip.

- The unique preformed 'D' enables anglers to create super effective 'D' rigs in combination with almost any hooklink.
- Covert Pop-Up Hook Aligners are quick and easy to use - no need to steam, shrink or shape before use.
- Small and super neat, they create the optimum angle to make the hook twist without reducing the effective gape of the hook.
- Available in 3 sizes: 'XL' for large hooks, 'large' for hook size 6 and bigger and 'small' for hooks size 6 and smaller.

C-THRU GREEN	QTY	CODE	R.R.P.(£)
Small	10	CHAPG	3.70
Large	10	CHAPGL	3.70

Small	10	CHAPS	3.70
Large	10	CHAPSL	3.70
XL	10	CHAPSXL	3.70

LEAD CLIPS

Best-selling design. The smallest most subtle size 8 lead clip available. Swivels click in place inside the barrel.

- The smallest size 8 lead clip you can buy, taking stealth one step further.
- Ribbed lead retaining arm and smooth barrel allow precise tuning of how easily the lead ejects by adjusting how far the tail rubber is pushed on.
- Extra tough, to handle leads up to 6oz.

TYPE	QTY	CODE	R.R.P.(£)
Green	12	CLCG	3.70
Brown	12	CLCB	3.70
C-Thru Green	12	CLCCG	3.70
C-Thru Brown	12	CLCCB	3.70
C-Thru Silt	12	CLCS	3.70

TAIL RUBBERS

Tapered design and smooth finish reduces the chances of tangles by removing any edges that hooklinks could wrap around or tangle on. Improved design with a longer taper and parallel bore.

- Semi stiff compound provides the optimum balance of rigidity and flexibility.
- Versatile - for use with Lead Clips, Inline Leads and Tulip Beads.

TYPE	QTY	CODE	R.R.P.(£)
Green	12	CTRG	3.15
Brown	12	CTRB	3.15
C-Thru Green	12	CTRCG	3.15
C-Thru Brown	12	CTRCB	3.15
C-Thru Silt	12	CTRS	3.15

HOOK ALIGNER

Hook Aligners have been designed to radically improve rig performance by forcing the hook to twist aggressively, helping it to take hold solidly and securely inside the bottom lip.

- Covert Hook Aligners are quick and easy to use with no need to steam, shrink or shape before use.
- Small and super neat, they create the optimum angle to make the hook twist without reducing the effective gape of the hook.
- Available in two sizes: 'large' for hook size 6 and bigger and 'small' for hooks size 6 and smaller.

LEAD-SAFE SYSTEM

The Covert Lead-Safe System allows carp and specimen anglers to construct simple, super safe, tangle free bolt rigs without unnecessarily losing the lead.

- Each pack contains 5 Lead Safe clips and 5 matching tail rubbers.
- Using the dedicated tail rubbers enables adjustment of the force necessary to separate the components, making them ideal for advanced lead arrangements.
- Designed so a size 8 swivel 'clicks' into the clip body offering consistency in performance.
- Available in 3 C-Thru camo colours (Green, Brown and Silt).

TYPE	QTY	CODE	R.R.P.(£)
C-Thru Green	5	CLSG	3.15
C-Thru Brown	5	CLSB	3.15
C-Thru Silt	5	CLSS	3.15

MINI ANTI-TANGLE SLEEVES

Mini Anti-tangle Sleeves are 14mm long, making them ideal for use with shorter hooklinks or rigs made with stiffer materials.

- Great for anglers that want to make their terminal tackle as minimalist as possible.
- Aids presentation by reducing tangles with most lead arrangements.
- Perfect for use with Kwik Lok Swivels, keeping the hooklink in place.
- Available in C-Thru Green & Brown and Silt (C-Thru Black).

TYPE	QTY	CODE	R.R.P.(£)
C-Thru Green	20	CSATCG	3.45
C-Thru Brown	20	CSATCB	3.45
C-Thru Silt	20	CSATS	3.45

ANTI-TANGLE SLEEVES

Perfect for streamlining terminal tackle and reducing tangles for maximum rig control and ensuring good hookbait presentation. Ideal for longer carp and specimen rigs and live bait paternoster rigs.

- Semi stiff compound provides the optimum balance of rigidity and flexibility.
- 40mm length with super smooth continuous taper.

TYPE	QTY	CODE	R.R.P.(£)
Green	20	CATSG	3.70
Brown	20	CATSB	3.70
C-Thru Green	20	CATSCG	3.70
C-Thru Brown	20	CATSCB	3.70
C-Thru Silt	20	CATSS	3.70

CLIP KIT SESSION PACK

The easy and convenient way to get started with lead clip rigs, this pack has proven extremely popular for beginners and advanced anglers alike. Includes all the essential components needed for effective/safe lead clip set-ups. Supplied with 2m of Sinking Rig Tube.

- 5 x Kwik-Lok Swivels Size 8, Lead Clips, Tail Rubbers, 40mm Anti-Tangle Sleeves, 2m of Sinking Rig Tube.

TYPE	QTY	CODE	R.R.P.(£)
Green	5	CCKG	7.35
Brown	5	CCKB	7.35
C-Thru Green	5	CCKCG	7.35
C-Thru Brown	5	CCKCB	7.35
C-Thru Silt	5	CCKCS	7.35

BUFFER BEADS

Reduce tangles by sheathing links & clips. Ideal for tidy running rigs, for use on helicopter rigs and marker float set-ups. **20 in a packet.**

- Special rounded smooth design helps to eliminate tangles.
- Robust rubberised construction acts as a buffer for protecting knots and links.

TYPE	QTY	CODE	R.R.P.(£)
Green	20	CBUFG	4.20
Brown	20	CBUFB	4.20
C-Thru Green	20	CBUFCG	4.20
C-Thru Brown	20	CBUFCB	4.20
C-Thru Silt	20	CBUFS	4.20

XL BUFFER BEADS

The elongated design makes them perfect for Chod Rigs, separating the lead from the hooklink swivel. **12 in a packet.**

- Special rounded smooth design helps to eliminate tangles.

TYPE	QTY	CODE	R.R.P.(£)
Green	12	CBUFXLG	4.20
Brown	12	CBUFXLB	4.20
C-Thru Green	12	CBUFXLCG	4.20
C-Thru Brown	12	CBUFXLCB	4.20
C-Thru Silt	12	CBUFXLS	4.20

SAFETY BEADS

These beads are perfect for Helicopter Rigs, designed specifically to pull over stops and leader knots due to the tapered central bore. Can also be used with running rigs and marker set ups.

- 4mm diameter, ideal rubber compound with tapered internal bore.

TYPE	QTY	CODE	R.R.P.(£)
Green	20	CSBG	2.65
Brown	20	CSBB	2.65
Silt	20	CSBS	2.65

HOOK STOPS

Bell shaped stops designed for use on the hook shank in conjunction with Covert Flexi Hook Swivels, Mini Rig Swivels, Hook Swivels or Rig Rings.

- Firmly grip the hook shank without moving (or needing glue) but easy to adjust.
- Tough, flexible, anti-tear compound will not rip when pushed over barbs.

TYPE	QTY	CODE	R.R.P.(£)
Green	20	CHSG	3.15
Brown	20	CHSB	3.15
Silt	20	CHSS	3.15

TULIP BEADS

Designed to hold swivels in place, but release them if the lead becomes snagged. Smooth rounded design removes edges around the swivel that may cause hook lengths to tangle. Acts like a buffer with flexible stepped bore to accommodate swivels up to size 8.

TYPE	QTY	CODE	R.R.P.(£)
Brown	20	CTBB	3.25

ARROW BEADS

Streamline helicopter rigs and connections and generally remove edges that could cause tangles. Smooth flowing aerodynamic tapered design and robust rubberised construction, flexible enough to act as a buffer.

TYPE	QTY	CODE	R.R.P.(£)
Green	20	CABG	3.25
Brown	20	CABB	3.25

SUPA SHRINK TUBE

Excellent quality shrink tube, perfect for line-aligner rigs and sliding shank sleeves. Made with an ultra-smooth 'easy slide' compound, yet retains shape brilliantly whilst fishing.

- Consistent 3:1 shrink ratio, firmly 'grips' hooks and terminal tackle.

TYPE	QTY	CODE			R.R.P.(£)
		SMALL	LARGE	XL	
Green	8	SHK1G	SHK2G	SHK3G	3.15

Grey	8	SHK1DG	SHK2DG	SHK3DG	3.15
Camo	8	SHK1C	SHK2C	SHK3C	3.15

SINKING RIG TUBE

An effective way of reducing tangled hook lengths during the cast and disguising the main line near the rig. Available in 3 x 2m and 1 x 2m packs.

- PVC compound for strength and abrasion resistance (won't crack or distort).
- Fast-sinking, with uniform diameter bore for easy threading.
- Low memory ensures this tube straightens easily and remains straight.

C-Thru Brown	2m	SSRTCB	2.65
C-Thru Grey	2m	SSRTCS	2.65

TUNGSTEN TUBING

Super-dense tungsten compound, sinks quickly without the need for weights or putty. Ultra soft and supple 'bottom hugging' formula follows the contours of the lake bed. Uniform 0.8mm diameter bore makes it very easy to thread.

TYPE	QTY	CODE	R.R.P.(£)
Green	2m	CTTG	8.25
Brown	2m	CTTB	8.25
Grey	2m	CTTGR	8.25

XT SILICONE TUBING

Ideal for controlling the position of the hair, or as a stop on safe helicopter rigs tied on leadcore or leadfree leaders. Now available in 15 x 5cm lengths.

- 0.5mm diameter and 0.5mm wall is perfect with Covert Safety Beads and leadcore.
- Strong and durable flexible silicone compound will stretch easily over hook eyes and knots.

TYPE	QTY	CODE	R.R.P.(£)
Green (5cm)	15	CSILGT	3.15
Brown (5cm)	15	CSILBT	3.15
Grey (5cm)	15	CSILGRT	3.15

SILICONE SLEEVES

Useful for covering connections, reducing tangles, protecting knots, etc.. Flexible silicone compound will stretch over all types of swivels, clips and links.

- 3mm I/D, 4mm O/D.
- 25mm long sleeves, 24 per pack.

TYPE	QTY	CODE	R.R.P.(£)
Green	24	GSSG	3.15
Brown	24	GSSB	3.15
Grey	24	GSSGR	3.15
Mixed	3 x 8	GSSM	3.15

SILICONE SWIVEL SLEEVES

A lower diameter silicone sleeve that's perfect for sleeving all Kwik-Lok and C-Lok swivels. These sleeves are manufactured using an adjusted silicone rubber compound to offer slightly higher levels of grip when slid into position.

- The perfect tube for use with quick change Ronnie Rigs and variations.
- 1.85mm I/D, mm O/D.
- 17mm long sleeves, 24 per pack.

TYPE	QTY	CODE	R.R.P.(£)
C-Thru Green	24	CRSG	3.15
C-Thru Brown	24	CRSB	3.15
C-Thru Grey	24	CRSGR	3.15
Mixed	3 x 8	CRSM	3.15

DUAL RING SWIVELS

The Dual Ring Swivel is perfect when using inline lead set-ups and great when fished in tricky areas where dropping the lead is paramount. It has a non-reflective finish once submerged in water. Ideal when using drop off in-line lead set-ups.

- Dual ring allows free rotation of rig.
- Matt black anti-glare finish reduces visibility.

TYPE	QTY	CODE	R.R.P.(£)
Dual Ring Swivel	10	CDRS8	4.75

QC HOOK SWIVELS

QC Hook Swivels feature a reinforced open crook for quick and easy attachment of hooks on German style rigs and looped Ronnie Rigs.

- The wire gauge and diameter of the crook has been specified for strength and ease of use.
- Secure the hook in position using a Covert Tungsten QC Hinge Bead or suitable tubing/shrink tubing.
- Anti-Glare black finish reduces visibility under water.

TYPE	QTY	CODE	R.R.P.(£)
Size 12	10	CQCS	3.70

QC HOOK FLEXI-RING SWIVELS

QC Hook Swivels feature a reinforced open crook for quick and easy attachment of hooks on German style rigs and looped Ronnie Rigs.

- The wire gauge and diameter of the crook has been specified for strength and ease of use.
- Secure the hook in position using a Covert Tungsten QC Hinge Bead or suitable tubing/shrink tubing.
- Flexi-Ring design allows free rotation and movement of hooks and reduces tangles with hooklinks.
- Anti-Glare black finish reduces visibility under water.

TYPE	QTY	CODE	R.R.P.(£)
Size 12	10	CFRQCS	4.20

C-LOK SWIVELS

This strong and reliable quick change swivel allows anglers to easily swap hooks or use as a quick change rig component in conjunction with a Covert Anti-Tangle Sleeve.

- Design offers totally reliable quick change rig, hook and component connections.
- Extra strong and smooth spinning.
- Anti-Glare black finish reduces visibility under water.

TYPE	QTY	CODE	R.R.P.(£)
Size 12	10	CLOK	3.70

C-LOK FLEXI-RING SWIVELS

A Flexi-Ring version of the Covert C-Lok Swivel. The addition of a flexi ring gives Ronnie Rigs and hooklinks extra movement.

- Extra strong, smooth spinning and offers a totally reliable quick change connection.
- Flexi-Ring design allows free rotation and movement of hooks and hooklinks.
- Anti-Glare black finish reduces visibility under water.

TYPE	QTY	CODE	R.R.P.(£)
Size 12	10	CFLOK	4.20

SWIVELS

Don't compromise - a crucial rig component that has to be completely trustworthy.

- Extra strong, smooth spinning with round swivel eyes for maximum knot strength.
- Matt black anti-glare finish reduces visibility.

TYPE	QTY	CODE	R.R.P.(£)
Size 20	20	SWV20	2.65
Size 12	20	SWV12	2.65
Size 8	20	SWV8	3.15

FLEXI HOOK SWIVELS

Flexi Hook Swivels allow free movement, rotation and pivoting of hookbaits.

- Integral 3mm I/D Rig Ring fits comfortably over barbs.
- The design allows the bait to slide freely along the hook shank or pivot on a D-Rig.

TYPE	QTY	CODE	R.R.P.(£)
Flexi Hook Swivel	10	CFHS	2.65

FLEXI-RING SWIVELS

Flexi-Ring Swivels allow free rig movement, improving presentation and reducing the chances of tangles.

- Extra strong, smooth spinning with round swivel eyes for maximum knot strength.
- Anti-Glare black finish reduces visibility under water.

TYPE	QTY	CODE	R.R.P.(£)
Size 12	10	FRS12	3.95
Size 8	10	FRS8	3.95

XT KWIK LOK SWIVELS

These adjusted size 12 XT Kwik Lok Swivels are ideal for attaching hooks onto German and Ronnie rigs.

- Anti Glare black finish reduces visibility under water.
- The wire gauge and inner diameter of the crook is increased to strengthen and improve attachment.
- Extra strong, smooth spinning and completely reliable.
- Quick change crook allows hooks and looped hooklinks to be attached quickly and securely.
- Incorporate on 'German Rigs' for aggressive rotation of the hook.

TYPE	QTY	CODE	R.R.P.(£)
Size 12	10	QLSXT	3.70

XT FLEXI-RING KWIK LOK SWIVELS

Size 12 XT Flexi-Ring Kwik Lok Swivels have been adjusted for use on the Ronnie rig and similar.

- The wire gauge and inner diameter of the crook have been adjusted to fit hook eyes more easily.
- Extra strong, smooth spinning and significantly stronger.
- Flexi-Ring design allows free rotation and movement of hooks.
- Anti Glare black finish reduces visibility under water.

TYPE	QTY	CODE	R.R.P.(£)
Size 12	10	FRQXT	4.20

KWIK LOK SWIVELS

The ideal quick change swivel for use with all standard size 8 lead clips.

- Extra strong, smooth spinning with round swivel eyes for maximum knot strength.
- Anti-Glare black finish reduces visibility under water.

TYPE	QTY	CODE	R.R.P.(£)
Size 8	10	QLS8	3.95

FLEXI-RING KWIK LOK SWIVELS

Perfect for convenient quick change tangle-free helicopter rigs.

- Extra strong, smooth spinning with round swivel eyes for maximum knot strength.
- Quick change crook allows looped hooks and hooklinks to be attached easily and securely.
- Anti-Glare black finish reduces visibility.

TYPE	QTY	CODE	R.R.P.(£)
Size 12	10	FRQLS12	4.20
Size 8	10	FRQLS8	4.20

CORKSCREW SWIVELS

Gardner Covert Corkscrew swivels allow looped hooklinks to be attached and removed quickly and effortlessly.

- Smooth spinning and completely reliable, they are the strongest quick change component available.
- Size 8 swivel eye is sized perfectly to fit securely into all lead clips ensuring the lead is safely discharged before the swivel is released from the lead clip.
- No need to use additional silicone sleeves or stops to hold the hooklink or component in position.
- Anti-Glare black finish reduces visibility.

TYPE	QTY	CODE	R.R.P.(£)
Size 8	10	CCSWV8	4.20

LINK LOK SWIVELS

Covert Link Lok Swivels allow ultra fast, simple and secure mounting of hooklinks.

- No need to use additional anti tangle or silicone sleeves to hold the hooklink in position.
- Swivel eye fits securely into the Covert Lead Clip.

TYPE	QTY	CODE	R.R.P.(£)
Size 8	5	CSWVLL	3.15

PVA BAG SWIVELS

The PVA bag swivel makes attaching mesh style PVA bags much easier and quicker owing to the wide/open end. The knots of the PVA bag pass easily through this section making it a huge time saver on the bank. Fishing this swivel with the bags also helps to eliminate tangles on the cast.

- Quick, simple and effective way of attaching mesh PVA bags of all sizes.
- Extra strong 50lb test.
- Anti-glare black finish helps reduce visibility when submerged in water.

TYPE	QTY	CODE	R.R.P.(£)
PVA Bag Swivel	10	PVABS8	4.20

SWIVEL BAIT SCREWS

Swivel Bait Screws allow the free movement of the hookbait, which ensures that rigs work to their maximum potential. Each Bait Screw is mounted on a Hook Swivel, this allows free rotation of the hook baits which helps the hook to react positively when the bait is inhaled.

- For use with boilies, cork balled and ready-made pop ups, nuts and even plastic hook baits.
- Anti Glare Black finish reduces visibility under water.
- Available in 3 sizes; Mini, Standard and Long.

TYPE	QTY	CODE	R.R.P.(£)
Mini	10	CSWBM	4.20
Standard	10	CSWB	4.20
Long	10	CSWBL	4.20

FLEXI BAIT SCREWS

Flexi Bait Screws are the fastest and most convenient way to securely mount hook baits. Each screw is mounted on a Rig Ring that increases the free movement of hook baits and helps the hook to react immediately when the bait is inhaled.

- Anti Glare Black finish reduces visibility under water.
- Integral 3mm I/D Rig Ring fits comfortably over barbs.
- The design allows the bait to slide freely along the hook shank or pivot on a D-Rig.
- Available in 3 sizes; Mini (6mm), Standard (7.5mm) and Long (11mm).

TYPE	QTY	CODE	R.R.P.(£)
Mini	10	CBSM	3.15
Standard	10	CBS	3.15
Long	10	CBSL	3.15

RIG RINGS

Flat profile brass rings, perfect for blow back rigs and mounting hookbaits on to D-rigs.

- Extra strong and completely reliable.
- Anti-Glare black finish reduces visibility.
- XL Rig Rings are perfect for use with the XL Pop Up Hook Aligners.
- Extra Small = 2.5mm ø, Small = 3mm ø, Large = 4mm ø, Extra Large = 4.4mm ø, Oval = 4.5mm length, Large Oval = 6mm length.

TYPE	QTY	CODE	R.R.P.(£)
Extra Small	10	FWRR1	2.10
Small	10	FWRR2	2.10
Large	10	FWRR3	2.10
Extra Large	10	FWRR4	2.10
Oval	10	FWRRO	2.35
Large Oval	10	FWRROL	2.35

Q RINGS

Supremely versatile - perfect for quick changing all terminal tackle items.

- Superb when used to create a quick change flexi-ring arrangement.
- Compact size (4mm ID, 6mm OD) - smaller than most other clips and links.
- Anti-Glare black finish reduces visibility.

TYPE	QTY	CODE	R.R.P.(£)
Q Rings	20	QR	3.70

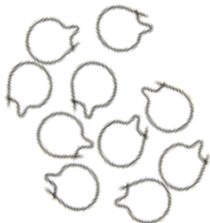

SPEED LINKS

Compact design and hooking point allows for quick and easy attachment.

- Extra strong and completely reliable in any situation.
- Anti-Glare black finish reduces visibility under water.

TYPE	QTY	CODE	R.R.P.(£)
Extra Small	20	CSPLXS	4.20
Small	20	CSPLS	4.20

MAGGOT CLIPS

Gardner Maggot Clips are the fastest, easiest way of mounting bunches of maggots on a variety of ultra effective big fish rigs.

- Lightweight wire and sharp fine point reduce damage to maggots when threading them onto the Maggot clip.
- Simple to use: open up the clip and thread on maggots (no needle and thread required!).
- Maggot Clips are perfect for use on conventional hair rigs, or in conjunction with more advanced hook set ups.
- Anti-Glare black finish reduces visibility.
- Micro = 6mm ø, Mini = 8mm ø, Standard = 10mm ø.

TYPE	QTY	CODE	R.R.P.(£)
Micro	10	CMC1	3.70
Mini	10	CMC2	3.70
Standard	10	CMC3	3.70

EASI CLIPS

Super-quick attachment - squeeze sides together to open, release sides to close.

- Extra strong and completely reliable in any situation.
- Anti-Glare black finish reduces visibility under water.

TYPE	QTY	CODE	R.R.P.(£)
Easi Clips	20	CECL	4.20

- TARGET TERMINAL - 15-16
- LINE, CATAPULT & HOOKS - 17

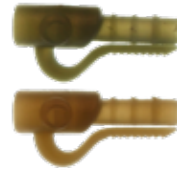

MINI TAIL RUBBERS

These dedicated Target Tail Rubbers are manufactured for use with the size 12 Target Lead Clip.

- 22mm long with smooth tapered shape.
- Controls the lead ejection/retention with Target lead clip.

TYPE	QTY	CODE	R.R.P.(£)
Green	10	TTRNG	2.65
Brown	10	TTRNB	2.65

MINI LEAD CLIPS

Target Lead Clips are designed for use with size 12 Swivels. They are simple to use; the size 12 swivel clicks into place inside the clip.

- Allows for the quick and safe attachment of leads and feeders on a variety of bolt rigs.
- Use in conjunction with the dedicated Target Tail Rubber to control lead ejection.

TYPE	QTY	CODE	R.R.P.(£)
Green	10	TMLCNG	3.15
Brown	10	TMLCNB	3.15

XL MINI BUFFER BEADS

Target XL Buffer Beads have been specifically designed for use with size 12 Target Kwik Lok Swivels.

- Designed to protect the knot when used in conjunction with running leads.
- Retains the hooklink whilst keeping a hinge that aids presentation with strong hooklinks.

TYPE	QTY	CODE	R.R.P.(£)
Green	10	TMBLNG	2.65
Brown	10	TMBLNB	2.65

MINI BUFFER BEADS

Target Buffer Beads are made to use with size 12 swivels and are perfect for anglers using running rigs

- The bead protects the knot & keeps your set up neat and tidy.

TYPE	QTY	CODE	R.R.P.(£)
Green	10	TMBNG	2.65
Brown	10	TMBNB	2.65

MINI ANTI-TANGLE SLEEVES

These scaled down Target Anti-Tangle sleeves are perfect for trapping the hooklink on small Kwik Lok Swivels and reducing tangles.

- 16mm length with smooth tapered shape.
- For use with sizes 12 and 20 Target swivels and Kwik Lok Swivels.

TYPE	QTY	CODE	R.R.P.(£)
Green	10	TATSNG	2.10
Brown	10	TATSNB	2.10

KWIK LOK SWIVELS

Target Kwik Lok Swivels allow you to swap hooklinks quickly and easily. Size 12s are perfect for general carp and specimen angling whilst Size 20s are for more delicate presentations.

- Featuring Gardner's Anti-Glare finish.

TYPE	QTY	CODE	R.R.P.(£)
Size 20	10	TKL20	3.15
Size 12	10	TKL12	3.15

RIG SWIVELS

Size 12 Target Rig Swivels are for the hard fighting species such as barbel and tench whilst size 20s allow you to achieve delicate presentations using fined down tackle for species such as roach and rudd.

- Featuring Gardner's Anti-Glare finish.

TYPE	QTY	CODE	R.R.P.(£)
Size 20	10	TSWV20	2.10
Size 12	10	TSWV12	2.10

LINE STOPS (SINKING)

These sinking Line Stops are perfect for use in making paternosters or acting as a movable stop whilst float fishing with a variety of ledger rigs, such as scaled down helicopter rigs. 'Medium' works with Covert Safety Beads on naked chods.

TYPE	QTY	CODE	R.R.P.(£)
Small	15	TLSS	1.60
Medium	15	TLSM	1.85
Large	15	TLSL	2.10

**KWIK LOK
TERMINAL PACK**

Kwik Lok Terminal Packs (XL Mini Buffer Beads & Kwik Lok Swivels size 12) offer a neat, strong and easy way of changing hooklinks without the need for additional tube to trap the hooklink securely in position.

- Packs include 5 of each item.

TYPE	QTY	CODE	R.R.P.(£)
Green	5	TMP1NG	2.65
Brown	5	TMP1NB	2.65

**BUFFER BEAD
TERMINAL PACK**

Buffer Bead Terminal Packs (Target Buffer Beads & size 12 Rig Swivels) are perfect for anglers using running rigs. The bead protects the knot & keeps your set up neat and tidy.

- Packs include 5 of each item.

SPECILINE

Target Speciline is an exceptional performance main line, that is perfectly suited for float, legering and feeder fishing. The unique colour balances tint and opacity ensuring that it blends into almost any colour water. It copes amazingly well with abrasion; yet still feels soft and smooth due to its finish.

- The copolymer formula used in this line ensures it sinks superbly.
- Amazing linear and knot strength, with controlled stretch for positive bite indication.
- Level wound spools of 150m.

TYPE	DIA	QTY	CODE	R.R.P.(£)
4lb (1.8kg)	0.18mm	1	TSL4	5.25
6lb (2.7kg)	0.20mm	1	TSL6	5.25
8lb (3.6kg)	0.23mm	1	TSL8	5.25
10lb (4.5kg)	0.26mm	1	TSL10	5.25

FLUOROCARBON

Target Fluorocarbon is manufactured from the highest grade 100% Fluorocarbon (PVDF) and has been specifically developed to offer specialist anglers both finesse and reliability across a range of popular breaking strains. Supplied on 25m spools.

- Dense molecular structure ensures it's both fast sinking and offers a high degree of abrasion resistance.
- Incorporates improved knot strength with breaking strains rated at regular knot strength.
- Almost invisible in the water as pure fluorocarbon has nearly the same refractive index as water.

SPECIPULT

This lightweight catapult is ideal for any angler that wants finesse and ultimate accuracy at short/medium range. The Specipult is ideal for use with most baits; including floaters, single boilies, pellet, maggots and particle.

- Features a small lightweight moulded pouch, designed to offer accuracy with all types of bait.
- The catapult is supplied with extremely high quality US 'surgical' elastics for power and longevity.
- Anti-twist fittings ensure consistent and accurate bait application by avoiding tangled elastics.
- The reinforced moulded frame is super lightweight yet strong and robust.
- Comfortably sized, sculptured hand grip with anti-slip finish.

TYPE	QTY	CODE	R.R.P.(£)
SpeciPult	1	TCP	10.50
Spares Pack*	1	TCPSP	5.25

*Spares Pack contains Elastics (2), Pouch and attachment Beads (2) and Washers (2)

SPECI-BEAKED POINT HOOKS

Target Spec-Beaked Point Hooks are a great all round pattern. The design offers superb strength and exacting performance. The gape and shank works with the in-turned eye and beaked point to ensure this hook reacts and penetrates quickly, ultimately giving solid hook holds.

- The matt plated finish reduces glare.
- Made from forged and tempered high carbon steel.
- Chemically etched, super sharp hook points.
- These hooks have an 18° in-turned beaked point and 10° in-turned eye.
- Available in sizes 10, 12, 14, 16, Barbed and Barbless.

HOOKS

- RIGGA - 19
- HAND SHARPENED - 20
- COVERT DARK - 21
- COVERT & BLACK NICKEL - 22
- COVERT, BLACK NICKEL & SHARPENERS - 23

The Rigga hook project was initiated with the ultimate aim to bring two brand new hook patterns to the highly discerning 'carp' hook market.

The project brought together decades of in-house hook design experience - to arrive at two patterns that we felt would complement the hugely popular Covert Dark hook range, without necessarily superseding our existing legendary patterns.

After long term rigorous testing, the radical/aggressive curved shank 'CVR' pattern was approved after phenomenal results on a number of waters, as was the extremely strong, super sharp and reliable beaked point 'BCR' Chod hook pattern.

The elongated points, micro barbs and extra strong double tempered forged high carbon steel used across the range, means that they are suitable for all types of carp angling both in the UK and large continental waters, whatever approach the angler is using.

CVR HOOKS

The CVR pattern is the ultimate aggressive curved shank hook. The mechanics of this pattern ensure that it twists the instant that the hook bait is mouthed by a browsing carp. Naturally, the hook holds with this pattern are nothing short of amazing!

- Super sharp long tapered chemically etched point ensures these hooks take hold immediately.
- The angle of draw between the in-turned eye and straight point pulls the hook cleanly home.
- A medium curved shank, wide gape and non reverse bend Awesome with the Ronnie Rig.
- 20° in-turned eye ensures optimum performance with soft hooklinks.
- CVR Rigga hooks are available in either barbless or micro barbed format.
- Dull PTFE Coating protects the metal from corrosion, aids penetration, reduces glare and aids camouflage.
- Manufactured in Japan from the finest double tempered, forged high carbon steel.

TYPE	QTY	CODE		R.R.P.(£)

Size 8	10	CVR8	CVRB8	5.50
Size 10	10	CVR10	CVRB10	5.50

BCR HOOKS

BCR Rigga hooks are the perfect beaked point Chod/Stiff/Multi rig hook pattern. They offer the best combination of features to ensure that more pick ups are converted into fish in the net.

- Super sharp chemically etched sweeping beaked point ensures early hooking and the best penetration.
- The angle of draw between the eye and beaked point pulls the hook cleanly home.
- A wide gape and non reverse bend gives rock solid hook holds.
- 20° out-turned eye ensures optimum performance with any monofilament.
- BCR Rigga hooks are available in either barbless or micro barbed format.
- Dull PTFE Coating protects the metal from corrosion, aids penetration, reduces glare and aids camouflage.
- Manufactured in Japan from the finest double tempered, forged high carbon steel.

Size 8	10	BCR8	BCRB8	5.50

A small selection of exquisitely hand sharpened hooks that have each been individually honed by the leading exponent and sharpening expert Jason Hayward (Specialist Sharpened Hooks).

As you would expect, being honed like this means that the points on these hooks are incomparable to even the very sharpest mass produced patterns – like those in the Covert Dark range. If an angler is dedicating time, money and effort into chasing the ultimate carp then it makes sense that they use the very sharpest hooks money can buy. You only have to touch the point to realise they are something VERY special and unique.

The honed points are sheathed with a rubber cap to protect them whilst they are in the packaging to ensure they arrive to you in A1 condition. This means that the efficiency of any rig will be elevated as the amazing point will take hold and then penetrate faster. If your rig worked well before, then incorporating a Specialist Sharpened Gardner hook will inevitably make it work even better!

HAND SHARPENED MUGGA HOOKS

The legendary Mugga hook, with a perfectly honed point.

- Strong forged, high carbon steel wire.
- Matt finish reduces reflection.
- 'Specialist Sharpened' Mugga hooks are supplied with point protectors.
- Individually hand sharpened to give the sharpest point, optimising hooking efficiency.
- Short curved shank and 25° turned-in eye gives extremely secure, positive hook holds.

HOOK STONE

A high precision hook sharpening tool, that can be used to hone amazingly sharp hook points on straight and beaked point patterns. This hook stone will last for years!

- 2 different levels of high quality diamond encrusted composite abrasive: 30 microns (fine grade) on the front. - 60 microns (medium grade) on the back.
- The combination of a solid steel handle and flat faced 2cm wide x 7.5cm long abrasive surfaces gives you the greatest control during sharpening.
- The stability of the handle and width of the abrasive surfaces makes this tool extremely effective and easy to use.
- The honing surfaces remain flat through out the lifetime of the Hook Stone, ensuring the product remains effective for longer
- Supplied with a Velcro fastened webbing sheath.

TYPE	QTY	CODE	R.R.P.(£)
Hook Stone	1	HS	31.50

POINT DOCTOR

The Point Doctors are easy to use sharpening tools that are perfect for keeping hooks sticky sharp.

- The abrasive rubber compound avoids the application of too much pressure to the hook.
- Each stroke of a Point Doctor gently removes a fine layer of the hooks plated or coated finish.

TYPE	QTY	CODE	R.R.P.(£)
Point Doctor (Grey)	1	PD	5.25

POINT DOCTOR 2

The Point Doctors are easy to use sharpening tools that are perfect for keeping hooks sticky sharp. The Point Dr. 2 has a slightly firmer texture that also contains a higher degree of abrasive material.

- The abrasive rubber compound avoids the application of too much pressure to the hook.
- Each stroke of a Point Doctor gently removes a fine layer of the hooks plated or coated finish.

FINE BAIT NEEDLE

An extra slim low profile baiting needle ideal for small / hard baits.

- Point easily pierces hard baits.
- Recessed barb maintains low profile of needle.
- Ergonomic Easi Grip handle for use in the dark and lanyard hole for keyring attachment.
- Coated Steel needle.

TYPE	QTY	CODE	R.R.P.(£)
Fine Bait Needle	1	FBN	2.65

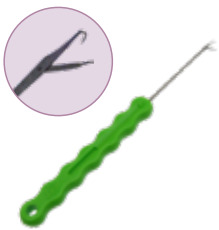

GATE LATCH NEEDLES

The ever-popular gate latch design incorporates a robust latch mechanism, superb for all general carp baits and threading PVA mesh bags. The XL (12cm needle) is designed for use with the popular PVA 'Stick'.

- Easi-grip handle, betalight slots and keyring attachment.

TYPE	QTY	CODE	R.R.P.(£)
Gate Latch	1	GLN	2.65
XL Gate Latch	1	GLXL	3.15

LEADCORE SPLICING NEEDLE

A finer gauge gate latch, specifically for splicing leadcore but also ideal for small, delicate baits.

- Easi-grip handle, betalight slots and keyring attachment.

TYPE	QTY	CODE	R.R.P.(£)
Leadcore Needle	1	LCNP	2.65

BRAIDED HAIR NEEDLES

The original 'braid friendly' ballpoint, coated steel needle retracts through the bait into handle for perfect hair loops every time. The XL allows 2 baits, or larger single baits, to be loaded with ease.

- Easi-grip handle, rounded crochet point and keyring attachment.
- Mixed packs (Black and Green).

TYPE	QTY	CODE	R.R.P.(£)
Braided Hair Needle	1	BHN	2.65
XL Braided Hair	1	BHN2	4.20

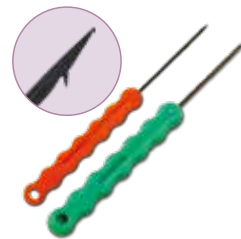

STRINGER NEEDLES

An extra long baiting needle, enabling several boilies to be 'loaded' onto PVA string/tape easily. The Hard Bait version is especially designed for harder modern baits, particularly air-dried boilies.

- Plated steel needle, easi-grip handle and keyring attachment.

TYPE	QTY	CODE	R.R.P.(£)
Stringer	1	SN	2.40
Hard Bait Stringer	1	HBSN	2.40

HAIR NEEDLES

With easi-grip handle, plated steel, super-sharp point and barb, this needle is suitable for all types of baits. The mini version has a finer diameter shaft for smaller, more delicate baits.

- Easi-grip handle, betalight slot and keyring attachment.

TYPE	QTY	CODE	R.R.P.(£)
Hair	1	HN	2.40
Mini Hair	1	MHN	2.40

NUT DRILL

This Nut Drill creates a clean hole in seconds - for all hard baits and floaters.

- Barrel revolves within palm cap for speed and accurate control. Stainless steel drill bit.
- Easi-grip handle.

TYPE	QTY	CODE	R.R.P.(£)
Nut Drill	1	ND	2.65

BOILIE DRILLS

Drills a smooth hole through hard and soft baits. These drills can also be used with nuts.

- Barrel revolves within palm-cap for ease of use.
- Narrow section behind tip avoids clogging.
- Comes complete with foam - perfect for making balanced hook baits.

TYPE	QTY	CODE	R.R.P.(£)
6mm Boilie Drill	1	BD6	2.65
10mm Boilie Drill	1	BD10	2.65

CRIMPIT TOOL & CRIMPS

Do away with large bulky knots and replace them with a stronger more rigid crimp. Ideal for use on booms, chod rigs and much more. The Crimpit tool comes with 2 crimp sizes and a sharp cutting edge which is perfect for trimming large diameter lines and swivels.

- 10 x 0.6mm and 10 x 0.7mm crimps included with Crimpit tool.
- Individual Crimp boxes contain 50 crimps each.

TYPE	QTY	CODE	R.R.P.(£)
Crimpit Tool & Crimps	1	CRIT	15.99
0.6mm Crimp Box	50	CRIMPS	3.99
0.7mm Crimp Box	50	CRIMPL	3.99

"GET KNOTTED" HAIR LOOP TYER

The simple way to create neat, consistent hair loops every time. Quick and easy to use.

- Helpful for those tricky, small loop knots, especially for anglers with big hands.
- Supplied with full instructions.

TYPE	QTY	CODE	R.R.P.(£)
Hair Loop Tyer	1	HLT	3.70

ULTRA BLADES

High grade, precision ground stainless steel blades - work superbly on all braided and monofilament fishing lines. Comfortable moulded handles with non-slip rubberised inserts.

- Serrated edge grips whilst the smooth edge cuts, offering a very precise and controlled cutting mechanism.
- Supplied with a hard sheath cover and soft touch insert handles.

TYPE	QTY	CODE	R.R.P.(£)
Ultra Blades	1	GUB	7.35

RIG BLADES

These compact scissors have high quality hardened steel blades that feature a serrated edge and a smooth edge to offer the most precise cut. They are ideal for intricate rig work and will cleanly cut skinned/coated braids, copolymer and fluorocarbon monofilaments and all braided Dyneema lines.

- Rubber lined rings for comfort in use and improved grip.
- Length = 10cm.

TYPE	QTY	CODE	R.R.P.(£)
Rig Blades	1	GRB	6.30

LO-BORE TUBE THREADERS

Low diameter, twisted wire tube threaders, that are designed to go down narrower bore anti-tangle tubing.

- Perfect for use with Covert Tungsten Tubing and similar products.
- Available in two lengths: 2ft (60cm) and 3ft (90cm).

TYPE	QTY	CODE	R.R.P.(£)
2ft (60cm)	1	TTH2	3.99
3ft (90cm)	1	TTH3	4.20

TUBE THREADER

For threading main line through large bore and rigid rig tubing.

- For threading main line through large bore and rigid rig tubing.
- Length = 2ft (60cm).

TYPE	QTY	CODE	R.R.P.(£)
Tube Threader	1	TTH	3.99

LATEX BAIT BANDS

Very strong, latex bands that grip baits superbly well, very popular for attaching pellet hook baits.

- Also ideal for attaching boilies, particles, floaters, etc. to the hook shank or D-rig ring.
- Approx 100 bands per pack, supplied in a handy tube (fits straight into a rig box).

Mixed	10	DSM	1.05

SUSPENDER & SUSPENDER XL

Totally unique, our hugely successful Suspenders floater-controllers continue to be very popular.

- Both controllers allow the hooklink to be kept above the surface, out of sight of wary fish.
- Counter weight at the base means the original Suspenders is fished 'half cocked' giving unmissable bite indication and highly explosive takes! (a very exciting way of fishing).
- The Suspenders XL is designed to be used as an anchored floater set up with a running lead on the main line above the controller. When cast out, the line is tensioned lifting the hooklink clear of the water at all times, presenting the bait perfectly.
- Now even stronger with added tapered rubber sleeves to reinforce the stem.
- Full instructions are included and a full demo video is on our website).

TYPE	QTY	CODE	R.R.P.(£)
Suspenders	1	SUS	7.90
Suspenders XL	1	SUSXL	8.40

FLATLINERS

Designed to lie flat on the surface and they are far less obtrusive to surface feeding fish than traditional cocked floater-controllers, whilst still giving the option of either presentation.

- Triple Pack - small (13g), medium (20g) and large (30g).
- Flatliners cast extremely straight and accurately.
- Full instructions are included and a full demo video is on our website.

TYPE	QTY	CODE	R.R.P.(£)
Flatliners	3	FL	6.30

ZIG RIG FOAM

Super buoyant, close cell foam - ideal for balancing boilie and particle hookbaits to create slow sinking rigs.

- Excellent when cut down and fished on a Zig Rig or other floater methods.
- Perfect for balancing a wide range of hookbaits.
- 12 pieces per packet.
- Each piece of foam is 2.5cm long.

RODS

- COVERT RODS - 34
- COVERT 8
- GT RODS - 35

A range of superb rods that do not sacrifice quality and performance for price

Available in 3.25lb TC - 4.75lb TC. Subtle looks with powerful action!

COVERT RODS

A range of superb rods that do not sacrifice quality and performance for price. The subtle matt black 3k finish and branding contrasts with powerful through action that enhances both accuracy and distance. Great performance, great pedigree at an excellent price.

- 3.25lb TC - 3.5lb TC
- 3k matt carbon finish with matt black reel seats
- Ceramic anti frap tip guides
- Full EVA handles
- Black gloss whippings
- American Tackle Vortex Air guides
- Lightweight rods

BUY 2 GET 1 EXTRA FREE

12FT GTD DISTANCE ROD

Offers the essential crisp feel thanks to a lovely responsive blank. A great rod needs to do more than cast – it needs to feel right when you're playing fish to the net too and this is the other key element that the GTD rod fulfils with ease. Somehow the blank balances casting power with a precise feel that is just right!

- 'GTD' - Length: 12ft - Test Curve: 3lb 6oz.
- Full hi-gloss finish with 3K ballistic finish to just above the overfit joint.
- 3K tweel finishes just above the overfit joint. This allows a faster and more responsive tip action by keeping tip weight to an absolute minimum.
- The exclusive 12ft blank is made using 36-ton Mitsubishi carbon fibre, on low resin prepreg blanks.
- Super lightweight Minima guides are combined with a conventional anti-frap tip ring.
- Full hi-gloss finish helps protect all components and maintains looks/performance.
- A 3K carbon Fibre machined DPS reel seat to match the rods 3k tweel/finish.
- 'Line friendly' low profile carbon line clip whipped in position to assist bite indication.
- Full slim line EVA handle with wide SS butt cap.

TYPE	QTY	CODE	R.R.P.(£)
GTD Distance	1	GD12	220.00

13FT GTA APPLICATION PLUS ROD

A longer, matt finished version of our popular spod rod. It has been specified and then manufactured exclusively for Gardner Tackle on a powerful 4.5TC 3K-reinforced blank that offers amazing versatility! This rod is a delight to use, without fear of ripping your shoulder out of it's socket.

- 'GTA+' - Length: 13ft - Test Curve: 5lb.
- Full matt finish with 3K ballistic finish to just above the overfit joint.
- 3K tweel finishes just above the overfit joint. This allows a faster and more responsive tip action by keeping tip weight to an absolute minimum.
- The exclusive 12ft blank is made using 36-ton Mitsubishi carbon fibre, on low resin prepreg blanks.
- Super lightweight Minima guides are combined with a conventional anti-frap tip ring.

GT-HD TAPERED

This tapered main line offers an ingenious and knot free alternative to using shock leaders. Being dual tapered the line can be reversed when needed for another 8 metres of taper. It includes all of the great features of standard GT-HD. Our high grade copolymer formula that results in a line of superb quality and reliability.

- Dual Tapered – 0.50 leader tapering down over 8m to 0.30 (12lb) 0.33 (15lb).
- Smooth finish and supple feel offers superior casting performance.
- GT-HD is formulated to sink quickly and settle flush to the lake bed.
- Low-Viz Green colour gives superb camouflage whether you are fishing slack or tight lines.

TYPE	DIA	QTY	CODE	R.R.P.(£)
12lb 300m	0.30 – 0.50mm	1	TAP12	14.99
15lb 300m	0.33 – 0.50mm	1	TAP15	14.99

GT-HD

GT-HD is manufactured exclusively for Gardner Tackle using a unique high grade copolymer formula that gives the line reduced stretch and a crisp feel. By combining this with amazing performance and a great low-viz green colour, 'GT-HD' sets a new bench mark in performance main lines.

- Reduced stretch offers the angler excellent feed back to the rod tip when feeling the lead down.
- Smooth finish and supple feel means supreme casting performance.
- GT-HD is formulated to sink quickly and settle flush to the lake bed.
- This line has exceptionally high knot strength and abrasion resistance.
- We recommend the palomar or "figure of 8" loop knot for best performance.
- Available in 12lb, 15lb and 18lb.

TYPE	DIA	QTY	CODE	R.R.P.(£)
12lb 1150m	0.33mm	1	GTHD12	21.00

HD-FLOATER

This line has been specially developed to maintain its buoyancy without requiring any additional treatments. It balances stretch characteristics; having reduced the stretch for the best possible reaction and pick up when striking, whilst still offering just enough stretch to keep small hooks in place during protracted battles.

- Low-viz line has a low reflection finish to reduce visibility across a range of light conditions.
- Smooth/soft finish enables ease of use with controller floats.
- 250m level wound spools ensures the line is pristine when spooled up.
- Available in Low-viz Clear and Green in 10lb, 12lb and 15lb.

TYPE	DIA	QTY	CODE		R.R.P.(£)

GT80+

GT80+ offers big fish anglers ultimate performance by combining the very latest copolymer formulas and cutting edge precision manufacturing processes to give supreme performance across the entire spectrum of key characteristics that big fish specialists demand.

- Includes an extra heavy sinking additive that ensures this line is the fastest sinking monofilament available.
- Highest abrasion resistance, without sacrificing other key attributes.
- Stretch characteristics tailored to offer precise feel and control.
- Very high knot strength with grinner or palomar knots.
- Casts beautifully thanks to it's smooth finish and uniform diameter.
- Available in Clear and Deep Green.

PRO

This premium grade copolymer main line has been engineered to give anglers uncompromised performance at a great price. The Pro copolymer blend offers both ultra high abrasion resistance and superb knot strength. Excellent sinking properties ensures that the line cuts quickly down through the water.

- Controlled stretch means you can feel leads down and offers excellent control when playing big fish.
- Smooth finish and supple feel gives excellent casting performance.
- Available in 2 colour blends - Light and Dark Blend for perfect camouflage.

HYDROTUFF

Made for those situations where you absolutely need the toughest line you can get. No other high abrasion line offers the same performance for casting, sink-ability, feel, knot strength and general reliability.

- Stronger knots and the highest abrasion resistance of any Gardner main line.
- Super soft and smooth finish glides through rod rings for uncompromised casting performance.
- Steely finish with controlled stretch to give a crisp and ultra responsive feel.
- Knots well with either a grinner or a palomar knot.
- Available in Low-Viz Green.

NEW

TIGER LINE

The Legend that is Tiger Line, developed by Big Carp/John Llewellyn, is a 'multi-directional polymer' providing exceptional abrasion resistance and knot strength. Virtually invisible in water, Tiger Line also resists deterioration in sunlight, making it hard wearing, long lasting and amazing value for money.

- Easier and smoother to cast.
- Low stretch – greater sensitivity with more control and 'feel'.
- Sinks quickly and completely – improving bait presentation.

TYPE	DIA	QTY	CODE	R.R.P.(£)
16lb 200m	0.33mm	1	TIG162	29.99

20lb 600m	0.37mm	1	TIG206	103.99

FUSED LOOP LEADERS

These semi-transparent leaders blend in with the aquatic environment adding camouflage to terminal arrangements. They also act as a buffer against submerged obstacles such as gravel bars. They feature a heavy Fluorocarbon core, that ensure they sink quickly and lay flat.

- Each leader is 1m long and is supplied with a size 8 Kwik Lok Swivel.

TYPE	QTY	CODE	R.R.P.(£)
Green 1m	1	FL1G	5.25
Clear 1m	1	FL1B	5.25
Silt 1m	1	FL1S	5.25

SPIN DOCTOR

Spin Doctors are the only way to effectively manage line twist. Full instructions on packaging. Simple to use, any line twist is normally removed in less than three casts. Available in three sizes to suit different ranges.

TYPE	QTY	CODE	R.R.P.(£)
40g (Yellow)	1	SD40	3.70
70g (Red)	1	SD70	4.20
100g (White)	1	SD100	4.75

MIRAGE PLATINUM

Mirage Platinum is a unique ultra-high performance Fluorocarbon main line, that offers exceptional tensile and knot strength. A softer, smoother feel and special low memory formula, ensures optimum casting performance. 'Low-end stretch' characteristics give improved bite indication and a precise feel that helps when feeling the lead down. 200m Spools.

- Fluorocarbon is virtually invisible thanks to the clear formula.

TYPE	DIA	QTY	CODE	R.R.P.(£)
15lb 200m	0.35mm	1	PMIR15	27.99

MIRAGE

100% Fluorocarbon, available in a wide range of breaking strains suitable as a main line, leader or hooklink material for carp, coarse and sea fishing. Fast sinking and lays flat on the bottom at all times. Refractive index of 1.42 is virtually invisible in water. Ultimate casting performance and low stretch enhances bite indication and feedback.

- Best linear and knot strength and high abrasion resistance of any fluorocarbon available.
- Non hydroscopic – does not absorb water or lose strength.
- UV resistant – does not deteriorate in sunlight.

HYDRO-SINK NOIR

Hydro-Sink Noir is a fast sinking, hi-tech blend of non-fade Black Dyneema® and Fluorocarbon fibres. Offers amazing camouflage when settled over weed and lake bed. Fluorocarbon fibres ensure that this braid sinks faster and naturally settles flush to the bottom. Dyneema® fibres provide the best possible linear/knot strength for the lowest possible diameter.

TYPE	DIA	QTY	CODE	R.R.P.(£)
25lb 300m	0.35mm	1	XHS25N	47.25
25lb 600m	0.35mm	1	XHS25NB	84.00

KINETIC SINKING SHOCK LEADER

A fast sinking, muddy brown, super strong Dyneema/Fluorocarbon braided line, designed for use as a shock leader when extreme range angling. Braided shock leaders ensure optimum casting performance as the lack of stretch means that all the casting force is transferred through to the lead.

- Use as a shock leader with specialist low diameter braided main lines.
- Smooth finish, round profile & tight weave.
- High knot strength.
- Colour: Muddy Brown.

TYPE	DIA	QTY	CODE	R.R.P.(£)
50lb 50m	0.37mm	1	XKSL	10.50

KINETIC BRAIDED MAIN LINE

Best quality, ultra-sensitive, high performance braided main line. Round profile and smooth tight 100% Dyneema weave. Near-zero stretch, transmits the subtlest bite indications. Tough and abrasion resistant with high linear & knot strength - rated at true knot strength (most braids aren't). Diameters measured uncrushed. Colour: Low Viz Dark Green.

- Available on 250m and 600m Spools.

TYPE	DIA	QTY	CODE	R.R.P.(£)
20lb 250m	0.27mm	1	XKIN20	23.10

30lb 600m	0.34mm	1	XKIN30B	55.15

KINETIC SPOD BRAID

Spod braid is designed for use with powerful Spod Rods and fully loaded large spods (and Spomb)s. It's strong enough to use without an additional leader. Diameters measured uncrushed. Supplied on 250m Spools.

- Near-zero stretch ensures super consistent distance control.
- Tough & abrasion resistant - rated at true knot strength using knots such as the Palomar and grinner.
- Colour: Low Viz Dark Green.

TYPE	DIA	QTY	CODE	R.R.P.(£)
35lb 250m	0.30mm	1	XKSB	23.10

HYDRO-SINK BRAID

True sinking braid at an affordable price, with all the qualities needed for big fish angling! 100% Dyneema core gives the best possible linear strength with the lowest diameter. Diameters measured uncrushed.

- Kevlar braided over-wrap adds density.
- Smooth casting, more sensitive - reduced stretch of approx. 4% (most braids are 5-6%).
- 100% Dyneema core gives the best possible linear strength with the lowest diameter.
- Teflon® coating for increased toughness, abrasion resistance and long lasting performance.
- Available on 200m and 600m Spools.
- Colour: Low Viz Dark Green.

TYPE	DIA	QTY	CODE	R.R.P.(£)
15lb 200m	0.30mm	1	XHS15	25.20
22lb 200m	0.35mm	1	XHS22	25.20

22lb 600m	0.35mm	1	XHS22BK	68.25

KINETIC DISTANCE MAIN LINE

Kinetic Distance braid is a super soft and smooth low diameter high performance pure Dyneema main line suitable for extreme range angling. Distance Braid offers near-zero stretch giving instant contact and enhanced feedback whether you're playing a fish, feeling a lead down or dragging across the lake bed.

- 100% Dyneema fibres offer incredible strength for the braids low diameter.
- Smooth, soft finish reduces friction and glides through rod rings.
- Round profile & tight weave helps to minimise wind knots.
- High knot strength.
- Colour: Low Viz Dark Green.

TYPE	DIA	QTY	CODE	R.R.P.(£)
20lb 300m	0.20mm	1	XKDB	21.00

KINETIC MARKER BRAID

This material has been specially developed for use on marker rods, but is also a great option where a thinner diameter braid will assist baiting at long range. Diameters measured uncrushed. Supplied on 250m Spools.

- Near-zero stretch ensures super consistent distance control.
- Tough & abrasion resistant - rated at true knot strength using knots such as the Palomar and grinner.
- Colour: Low Viz Dark Green.

TYPE	DIA	QTY	CODE	R.R.P.(£)
25lb 250m	0.28mm	1	XKMB	23.10

ULTRA SINK

Combines a heavy weight tungsten impregnated skin with a fast sinking Dyneema/Fluorocarbon fibre braided core. The braided inner is fine in diameter, extremely strong and colour matched to the skin. The skin is strong, soft and easy to straighten and knot. **15m Spools.**

- Available in three superb natural colours: Deep Green, Muddy Brown and Natural Silt.
- Available in 25lb (11.3kg).

TYPE	QTY	CODE			R.R.P. (£)
		GREEN	BROWN	SILT	
25lb 15m	1	GUS25G	GUS25B	GUS25S	16.80

ULTRA SKIN

Ultra Skin is a super soft, supple, fast sinking, 'skinned' braided hooklink material. **20m spools.**

- Easy to strip and will not rupture whilst tightening down a well tied 'figure of 8' loop knot.
- The unique polymer mix used in the skin means that Ultra Skin straightens easily, even just using your fingertips.
- Available in Green, Brown and Silt.

TYPE	QTY	CODE			R.R.P. (£)
		GREEN	BROWN	SILT	
15lb 20m	1	USK15G	USK15B	USK15S	18.99

35lb 20m	1	USK35G	USK35B	USK35S	18.99

STIFF ULTRA SKIN

A super stiff version for specialist anglers that want to achieve exacting control of the way the finished rig lies on the lake bed. **20m spools.**

- Easy to strip and will not rupture whilst tightening down a well tied 'figure of 8' loop knot.
- The unique polymer mix used in the skin means that the skin straightens easily and sets rigidly when steamed.

TYPE	QTY	CODE			R.R.P. (£)
		GREEN	BROWN	SILT	
25lb 20m	1	USS25G	USS25B	USS25S	18.99

DISRUPTION

Disruption features a semi stiff colour segmented camo-pattern that randomly alternates light and dark offering the angler superior rig camouflage across a wide variety of lake and river beds.

- Easy to strip and will not rupture whilst tightening down a well tied 'figure of 8' loop knot.
- Available in Green and Brown.

TYPE	QTY	CODE		R.R.P. (£)
		GREEN	BROWN	
15lb 20m	1	XDIS15G	XDIS15B	12.60
25lb 20m	1	XDIS25G	XDIS25B	12.60

SINK SKIN

Sink Skin has a soft skin, which ensures that the hooklink can settle across both messy or uneven lake or river beds and also allows a higher degree of natural movement to the hook.

- Easy to strip and will not rupture whilst tightening down a well tied 'figure of 8' loop knot.
- Available in Green and Brown.

TYPE	QTY	CODE		R.R.P. (£)
		GREEN	BROWN

25lb 20m	1	XSINK25G	XSINK25B	11.55

STRIPPER TOOL

This handy gadget doubles as a skinned hooklink stripper and knot puller. It easily removes the outer coating of the Gardner 'Skins' range (and all other coated hooklinks).

- Strips coated braids without damaging the inner braid. No more need to use your teeth.
- The strong moulded knot puller allows you to fully tighten down loop knots.
- Ergonomic design is comfortable to use.

TYPE	QTY	CODE	R.R.P. (£)
Stripper Tool	1	STRIP	4.20

TRICKSTER HEAVY

A smooth and supple sinking braided hooklink offering great hook bait presentation. The Trickster Heavy range combines subtle colours, excellent feel and high performance knot strength. **20m Spools.**

- Trickster Heavy is fast-sinking.
- Extremely smooth and super supple when wet.
- Has a low diameter for the breaking strain.
- Available in 3 camouflage colours; Camo-Green, Camo-Brown and Camo-Silt.

TYPE	QTY	CODE			R.R.P.(£)

VIGILANTE

Next generation Snag/Abrasion Leader that makes a fantastic Catfish hooklink, in the high breaking strains. It has also proved effective and popular as a carp hooklink in the 25lb version. **20m Spools.**

- Treated with an anti-friction coating and 100% Dyneema fibres for unparalleled abrasion resistance, low diameter, incredible knot strength... all with near-zero stretch!
- 25lb version can be used to make superb carp rigs.
- 35lb version makes a fantastic shock leader that blends into most lake beds.
- Available on 20m Spools.
- Colour: Dark Brown.

INVISI-LINK

An amazing multipurpose semi-stiff hooklink material. Fast sinking, extremely strong and virtually invisible under water. It is a great user friendly material which straightens easily. **25m Spools**.

- 100% PVDF Fluorocarbon is 'clear' and will effectively match any lake bed.
- Manufactured to balance the rigidity required to kick hook baits out with the suppleness to ensure high knot strength and unobtrusive presentation.
- Perfect for boom sections on hinged stiff rigs, combi-rigs and for D rigs/clone rigs.
- High knot and tensile strength.

TYPE	DIA	QTY	CODE	R.R.P.(£)
20lb 25m	0.40mm	1	XIN20	10.50

CONTINENTAL RETENTION SLING

The Continental Retention sling is a larger version of the extremely popular Retention Sling with reinforced webbing, stitching and seams.

- Mesh panels allow free flow of water, whilst the solid upper panels on each side help keep the fish in the dark (keeping them calmer).
- Full length zip secures the fish safely in the sling. Sling: 150cm x 60cm.
- Long retaining cord (4m) and 3/8 BSF clip for secure attachment to a bankstick.
- Hi-Vis reflective bands to highlight the position of the sling at night.

TYPE	QTY	CODE	R.R.P.(£)
C. Retention Sling	1	HRTSXL	65.99

SPECIMEN WEIGH SLING

Heavy duty slings designed to handle the largest specimen fish and carp.

- Double stitching, reinforced handles and stiffening rods to prevent sling 'collapsing in'.
- Smooth, non-abrasive rubberised inner lining with drainage holes.
- Full protection/support given to weighed fish, with 30cm end zips for easy access.
- Smooth, non-abrasive rubberised inner lining with drainage holes.
- Pull cord carry bag included.
- Weigh Sling Large: L 107cm x D 61cm.

TYPE	QTY	CODE	R.R.P.(£)
Weigh Sling Large	1	HWSS	29.99

XL ZIP SACK

Simple, ultra light, Carp Sack with double zip closure, large enough to contain most catches.

- Lightweight, extremely tough, free-flow material allows non-stop passage of water.
- L 121cm x W 121cm (Max-Volume square design).

TYPE	QTY	CODE	R.R.P.(£)
XL Zip Sack	1	HZSXL	16.99

XL POWER LIFTER WEIGH BAR

An XL version of our popular Power Lifter weigh bar. This new version offers greater ground clearance making accurate weighing of big fish even easier. 'Standard' thread fitting ensures this XL Power Lifter can be used with poles like the Gardner Long Baiting Spoon Handle or heavy duty long banksticks.

- Total length: 52cm (not including 3/8 BSF thread).
- Manufactured from heavy duty aluminium components.
- Strength tested carabiner and hanging point.

TYPE	QTY	CODE	R.R.P.(£)
XL Power Lifter	1	HPLXL	17.99

RETENTION SLING

This floating Sling and the new larger version, offer secure temporary retention of fish in a safe cocoon.

- Mesh panels allow free flow of water, whilst the solid upper panels on each side help keep the fish in the dark (keeping them calmer).
- Full length zip secures the fish safely in the sling. Sling: 130cm x 60cm.
- Long retaining cord (4m) and 3/8 BSF clip for secure attachment to a bankstick.
- Hi-Vis reflective bands to highlight the position of the sling at night.

TYPE	QTY	CODE	R.R.P.(£)
Retention Sling	1	HRTS	49.99

MULTI-SPECIES WEIGH SLING

Strong yet lightweight and ultra compact, ideal for specimen sized fish of any species.

- Super soft, fish-friendly, ultra-lightweight mesh material - double stitched and extra strong.
- Cord handles with plastic D ring hanging point.
- L 85cm x D 48cm.

TYPE	QTY	CODE	R.R.P.(£)
Weigh Sling	1	HMSWS	10.99

Two metre with brass attachment and adjustable toggle. Sack Clip also available separately.

TYPE	QTY	CODE	R.R.P.(£)
Sack Ext. Cord	1	HSEC	6.99
Sack Clip	1	HSCL	4.99

POWER LIFTER WEIGH BAR

The most versatile weigh bar available - use on its own like a normal weigh bar (holding it up with both hands) or attach it to any long pole or bankstick with a screw fitting (e.g. Gardner Long Baiting Spoon Handle or Specialist Extending Landing Net Handle) to give extra support for heavier fish and significantly more accurate readings.

- Lightweight aluminium construction with Standard 3/8" BSF thread.
- Dual hand grips with extra tough carabiner.
- Total length: 27cm (not including 3/8 BSF thread).
- Position of weigh point is half way down the weigh bar.

TYPE	QTY	CODE	R.R.P.(£)
Power Lifter	1	HPL	15.75

ROD & LEAD STRAP

These popular 'Rod and Lead Straps' are based on a practical folding design that Velcros closed and also includes a flap of padded material that sits between the tip and butt sections to keep them separated (and in pristine condition). Simply a great product.

- Available singularly or in packs of three.

TYPE	QTY	CODE	R.R.P.(£)
Rod & Lead Strap	1	HRLS	5.99
Rod & Lead Straps	3	HRLS3	16.99

ROD POD TUBE

Protects your pod, preventing it from being scratched.

- Will take rod pods up to 33" (84cm) in length (collapsed state).
- Quality waterproof and rot resistant 600D polyester material.
- External: L 86cm x Dia 9.5cm.

TYPE	QTY	CODE	R.R.P.(£)
Rod Pod Tube	1	HRPT	9.99

ROD TIP PROTECTORS

Two in a pack. Same specifications as the XL Rod Tip Protector but smaller. Long split starts approx. 16cm from tip.

- Fully padded tapered style - protects tips and spigots on folded down rods.
- Lightweight but durable 210D PU material with twin Velcro retaining straps.
- Top quality stitching and rolled seams throughout.
- External: L 36cm x Dia 5-7.5cm.

TYPE	QTY	CODE	R.R.P.(£)
Tip Protectors	2	H RTP	9.99

ROVING SPECIALIST SLING

The comfortable way to transport all the essentials for a river session. Perfect for stalking.

- Holds 2 rods (ready-made or split down), carried on the outside, supported in pouches and retained by Velcro straps with room for a landing net pole in between.
- Padded reel pouches big enough to take 0 size reels or centre pins. 48cm inner diameter.
- Centre compartment will accommodate 50" (125cm) brollies.
- Large, quick release bankstick pocket, fully adjustable carry strap and shoulder pad.
- Heavy duty waterproof, rot resistant D polyester with resin injected base and drainage hole.
- External: L 125cm x Dia 22.5cm.

TYPE	QTY	CODE	R.R.P.(£)
Specialist Sling	1	HROV	37.99

XL ROD TIP PROTECTOR

Extra long to cover more rod rings and help to shield line from being snagged.

- Fully padded tapered style - protects tips and spigots on folded down rods.
- Long split starts approx. 12cm from tip for accommodating long range ringing on carp rods.
- Lightweight but durable 210D PU material with twin Velcro retaining straps.
- Top quality stitching and rolled seams throughout.
- External: L 85 cm x Dia 6-16cm.

- The stove is strong yet lightweight and compact, with an aluminium and stainless steel foldable frame. Packs up very small for easy transportation.
- Supplied with carry bag.

TYPE	QTY	CODE	R.R.P.(£)
G-Force Stove	1	STOV	29.99

WET NET/ UTILITY STRAPS

This multi-purpose utility strap is designed primarily to fix wet nets & slings to a barrow to prevent chemical dips dripping onto your kit. This versatile strap can also be used for clipping around brollies, attaching landing nets to rod sleeves, etc.

- Strong webbed strap with 2 conjoined expandable loops with robust side release buckles.
- Fully adjustable design to fit any barrow.
- Keeps wet nets and slings separate from tackle.
- Sold in pairs.

TYPE	QTY	CODE	R.R.P.(£)
Utility Straps	2	WNUS	9.99

METHOD BOWL

Best selling groundbait mixing bowl. It can also be used for mixing particle, boilie and pellet for spodding (spombing).

- Collapsible wipe clean material folds down flat in an instant.
- 33 (diameter) x 13cm (depth).

TYPE	QTY	CODE	R.R.P.(£)
Method Bowl	1	HMB	9.99

FLIP TOP BOXES

Great value, handy 'bits & bobs' tackle boxes. The smaller size is not much bigger than a packet of cigarettes. A great asset when a roving angling approach is being used.

- Suitable for any small tackle items.
- Made from strong durable plastic with heavy duty moulded hinges.
- Box and all compartments 'click shut' and do not fall open accidentally.
- Handy carry strap (removable).
- Standard: Length = 10.5cm, Width = 9cm, Depth = 3.5cm (when closed)
Small: Length = 11.2cm, Width = 6.2cm, Depth = 3.2cm (when closed).

TYPE	QTY	CODE	R.R.P.(£)
Flip Top Box	1	FTB	5.99
Small Flip Top Box	1	FTBS	2.99

MALLET

For hammering in bivvy pegs and banksticks.

- Rubber head and hand grip.
- Steel plated shaft.

TYPE	QTY	CODE	R.R.P.(£)
Mallet	1	MAL	5.25

MICROFIBRE HAND TOWEL

An essential part of any angler's kit.

- Green microfibre towel with the Gardner logo embroidered in the corner.
- Ultra lightweight, compact, super absorbent and fast drying.
- Supplied with dedicated mesh carry bag for convenient storage and transport.
- Size: 59cm x 45cm.

TYPE	QTY	CODE	R.R.P.(£)
Hand Towel	1	GHT	7.50

CLOAKED SWIVEL FLAT PEAR

The swivel flat pear is accepted as offering the greatest possible resistance for its weight thanks to its massive surface area. A popular shape for use 'drop off' style in weed and for 'edge' anglers lowering onto hard spots.

TYPE	QTY	CODE	R.R.P.(£)
2oz (57g)	1	CSFP2	1.75
2.5oz (71g)	1	CSFP212	1.80
3oz (85g)	1	CSFP3	1.90
3.5oz (100g)	1	CSFP312	2.10
4oz (113g)	1	CSFP4	2.10
5oz (142g)	1	CSFP5	2.30

CLOAKED INLINE FLAT PEAR

A great ratio of resistance to weight thanks to a massive surface area. Low profile with a long stem suitable for PVA bagging. This can be trimmed to the desired length and also used short, for the tail rubber approach.

TYPE	QTY	CODE	R.R.P.(£)
2oz (57g)	1	CIFP2	2.00
2.5oz (71g)	1	CIFP212	2.10

DROP OUT CHOD SAFETY CLIPS

These superb little plastic 'C' clips can be used to replace unreliable 'rotten bottom' lead attachments when fishing with Chod or Helicopter bomb style rigs. Mixed packs contain 12 pieces of two sizes.

- Small clip release pressure = approx. 3lb.
- Large clip release pressure = approx. 6lb.

TYPE	QTY	CODE	R.R.P.(£)
Safety Clips	24	DCSC	3.15

DROP OUT LEAD INSERTS

Universal hard lead inserts for anglers that want to fish with drop off inline leads – cheap and simple. These inserts fit all of the Gardner inline leads and most other commonly sold inline leads. Trim to fit specific inline leads.

TYPE	QTY	CODE	R.R.P.(£)
Lead Inserts	10	DOLS	2.40

NON-TOXIC DUMPY BACK LEADS

These general purpose back leads are supplied with the versatile S-Clip, making them suitable to use in any carp angling situation. The rounded shape has a low centre of gravity, that ensures they sit stably on the lake bed.

- Anti-glare dark finish.
- Quantity 3 back leads per packet.
- Available in 2 sizes: ¼ and ½ ounce.

TYPE	QTY	CODE	R.R.P.(£)
0.25oz (7g)	3	DB14C	5.80

S-CLIPS

S-Clips are a versatile back lead clip that fits almost any small lead. The hard plastic and round profile ensures they run smoothly on the main line. The 'S' shape design keeps the clip securely on the line during normal use. The clips will distort and release off the line if the back lead snags.

- Colour: Black.
- 10 x S-Clips per packet.

TYPE	QTY	CODE	R.R.P.(£)
S-Clips	10	DBS	2.65

TUNGSTEN FLYING BACK LEADS

These general purpose back leads are supplied with the versatile S-Clip, making them suitable to use in any carp angling situation. The rounded shape has a low centre of gravity, that ensures they sit stably on the lake bed.

- Concave face assists separation when used as a flying backlead.
- Line glides smoothly through low friction material.
- Matt finish enhances camouflage.
- Available in 2 sizes - 4 grams and 6 grams.

TYPE	QTY	CODE	R.R.P.(£)
4g	5	TFBM	7.90
6g	4	TFBL	9.45

LIGHTWEIGHT CAPTIVE BACK LEADS

By popular demand a smaller version of our best selling captive back leads in a camo coating.

- 1.25oz/35g. 2 per pack.

TYPE	QTY	CODE	R.R.P.(£)
Sand	2	LCBLDS	6.30

1 OUNCE DUMPY BACK LEADS

Ideal all purpose back leads that are supplied with 2 types of clip making them suitable to use in all carp angling situations. The rounded shape has a low centre of gravity and ensures that they sit stably on the lake bed. The smooth camo finish stays largely free of debris and doesn't snare line or obstacles.

- Available in 1 ounce.
- Quantity 3 back leads per packet.
- These Dumpy Back leads are supplied with 2 different sets of clips/rings: The taller clip (fitted) is free running but is made to release if the back lead gets caught in a snag or weed. The spare 'S' clip (supplied) holds the line much more securely and will not drop leads on the retrieve.
- Colour: Plastic 'Camo' finish.

TYPE	QTY	CODE	R.R.P.(£)
1oz (28g)	3	DB1C	5.80

DROP OUT BACK LEADS

An adjustable back lead that can be easily adjusted to separate in the event of it snagging on an underwater obstacle. The 0.5oz Leads are non toxic.

- Unique clip with threaded peg allows easy adjustment for different situations.
- Screw the clip fully into the recess to keep the backlead securely on the line.
- Partial insertion of the clip allows the components to separate more easily.
- 4 per pack.

ATTX CRYSTAL DELUXE RECEIVER

This Crystal version of the ATTx Deluxe Receiver matches the great looks of the Crystal ATTs heads, whilst retaining all the same benefits and functions of the ATTx Deluxe Receiver.

- 10 volume selections with new SSI (tm) "Silent Step Incrementing".
- Over 20 tones per channel.
- Double programming per channel means up to 10 heads on one receiver.
- Stub antenna - Improved range/penetration of foliage, etc.
- 2 AA Batteries for even longer battery life.
- Extreme water resistance.

TYPE	QTY	CODE	R.R.P.(£)
C. Deluxe Receiver	1	V2ATTXCDR	125.00

ATTX DELUXE RECEIVER

This superb high specification receiver is bristling with features and works with ATTs and V2ATTx transmitters.

- 10 volume selections with new SSI (tm) "Silent Step Incrementing".
- Over 20 tones per channel.
- Double programming per channel means up to 10 heads on one receiver.
- Stub antenna - Improved range/penetration of foliage, etc.
- 2 AA Batteries for even longer battery life.
- Extreme water resistance.

TYPE	QTY	CODE	R.R.P.(£)
Deluxe Receiver	1	V2ATTXDR	125.00

DELUXE RECEIVER LED LENSES

A range of LED lenses for the Deluxe ATTx Receivers. These can be inserted by the user to change the colour of the light array on the receiver, matching it to an alarm set-up or any combination that is required.

TYPE	QTY	CODE	R.R.P.(£)
Blue LED Lens	1	ATLB	0.99
Red LED Lens	1	ATLR	0.99
Purple LED Lens	1	ATLP	0.99
Pink LED Lens	1	ATLPK	0.99

Orange LED Lens	1	ATLO	0.99
White LED Lens	1	ATLW	0.99

V2 ATTx RECEIVER

The original V2ATTx Receiver, compatible with all current ATT alarms and transmitters.

- Multiple tone selection.
- The receiver will beep at the same rate as your alarm, from single beeps to 'one-toners'.
- Improved battery life on receiver.
- The receiver is powered from a single 1.5 volt type "AA" battery.
- The receiver is covered in a protective, non-reflective, rubberised finish.

TYPE	QTY	CODE	R.R.P.(£)
Multi Receiver	1	V2ATTXR	84.00
Blue Receiver	1	V2ATTXRB	84.00
Red Receiver	1	V2ATTXRR	84.00
Purple Receiver	1	V2ATTXRP	84.00
Green Receiver	1	V2ATTXRG	84.00

ATTX REMOTE SYSTEMS

Wireless remote system – works with almost any alarm with a 2.5mm or 3.5mm jack plug socket, allowing any combination of up to 5 buzzers (TLB, Neville, Delkim, Fox, etc).
2.5mm for TLB, Neville, Fox, etc.
3.5mm for Delkim alarms only.

- Soft touch rubber finish and improved transmitter design (more water tight).
- Improved battery life on receiver and transmitters.
- Multiple tone selection on receiver and mimics alarm "beep for beep".
- Activation on all LEDs with increased "light up" time.
- Low battery warning and last LED activation recall.
- Improved range and performance and fully compatible with new and future ATT products.
- The receiver is powered from a single 1.5 volt type "AA" battery. The transmitter is powered from a single 6 volt type "GP11A" battery.
- Full 1 Year Gardner Warranty plus Second Year Extended ATT Warranty.

TYPE	QTY	CODE	R.R.P.(£)
2.5mm Multi System	1	V2ATTX2	185.00
2.5mm Blue System	1	V2ATTX2B	185.00

TRANSMITTERS

Transmitters enable you to wirelessly pair most alarms to a 'V2' or 'Deluxe' ATT Receiver simply by plugging them into the alarm's output jack plug socket.

- Soft Touch, non-reflective, rubberised finish.
- All integral electronic circuitry is encased in its own watertight compartment.
- Available with 2.5mm or 3.5mm Jack Plugs, to suit a wide range of current alarms.
- These transmitters are powered by a GP11A battery.

TYPE	QTY	CODE	R.R.P.(£)
2.5 Transmitter	1	V2ATTXT2	34.99
3.5 Transmitter	1	V2ATTXT3	34.99

ATTS CRYSTAL UNDERLIT ALARM

The crystal bodied ATTs illuminated wheel alarms look amazing in the dark. The under wheel LED also lights up the clear body making them glow beautifully in the chosen colour. These alarms retain the same core features, functions, size and bullet proof reliability of the original ATTs and underlit versions of the ATTs heads.

- Supplied as standard with a clear 2 magnet roller wheel.
- Fully compatible with Deluxe and original V2ATTx Receivers.

TYPE	QTY	CODE	R.R.P.(£)
Blue	1	ATTCIB	84.00
Red	1	ATTCIR	84.00

TLB PLUS

The TLB+ brings the awesome TLB buzzer right up to date, by making it fully compatible with the V2 and Deluxe ATTx Receivers. It features brand new digital circuitry that elevates the compact heads performance and adds extra functions over the original TLB Compact heads.

- A 3-way switch allows the unit to be turned off, set on silent mode (transmission only) or set on with audible output as well.
- LED flashes once when the unit is powered on.
- Lightweight free running roller will operate with the lightest bobbins.
- High powered speaker and 10 second LED latch time.
- Fully compatible with all the V2 ATTx Receivers and Deluxe Receivers.
- The black 3K carbon style plastic face & battery plate maintains an excellent signal.
- Polished stainless-steel roller wheel cover protects from frosting.
- Full 1 Year Gardner warranty plus second year manufacturer's Warranty. We can repair even the oldest TLB's at a minimal cost.
- Includes Battery and padded protective Pouch.
- Still handmade in the UK.
- H 65mm x W 46mm x D 36mm.
- Weight: 76 grams.

Orange	1	BLTMLO	17.99

TRITIUM-MAX BETALIGHTS SMALL

The most powerful betalights for their size, that are available on the market.

- Manufactured at maximum pressure for their size, ensuring highest light output.
- Light output varies with colour due to the different phosphorus compounds used. Highest to lowest colour order: Green, Ice Blue, White, Purple, Orange, Red.
- Small (12mm x 2mm) – for most buzzers, rods and accessories, also Bug Indicators.

TYPE	QTY	CODE	R.R.P.(£)
Purple	1	BLTMSP	9.99
Orange	1	BLTMSO	9.99

TRITIUM-MAX BETALIGHTS BUGS

The most powerful betalights for their size, that are available on the market.

- Manufactured at maximum pressure for their size, ensuring highest light output.
- Light output varies with colour due to the different phosphorus compounds used. Highest to lowest colour order: Green, Ice Blue, White, Purple, Orange, Red.
- Bug (10mm x 2.5mm) – fit all Bug Indicators apart from Nano Bugs.

TYPE	QTY	CODE	R.R.P.(£)
Ice Blue	1	BLBUGB	7.99

NANO BUG

Super lightweight, only 3 grams for extreme sensitivity, slack line fishing and low resistance bite indication. Like all Bug Indicators, Nano Bugs can also be fished the same as a conventional bobbin.

- Dual position precision line clip moulded in reinforced nylon - will not damage your line.
- Extended 'antennae' will grip line, allowing you to fish slack lines and avoid wind bleeps.
- Tight lines - with or without back leads - can be fished as normal.

TYPE	QTY	CODE	R.R.P.(£)
White	1	NBUGW	8.40
Black	1	NBUGB	8.40

MICRO & MINI BUG INDICATORS

The best-selling range of bobbin/hanger indicators, still as versatile as ever. These two sizes are available in white and 8 other colours. 12mm wide bodies.

Micro: 22mm
Mini: 36mm

- Dual position precision line clip moulded in reinforced nylon - will not damage your line.
- Extended 'antennae' will grip line, allowing you to fish slack lines and avoid wind bleeps.
- Tight lines - with or without back leads - can be fished as normal.
- Supplied with 15cm black anti-corrosion ball chain.

MEGA & MAXI BUG INDICATORS

The best-selling range of bobbin/hanger indicators, still as versatile as ever. These two sizes are only available in white. 20mm wide bodies. Supplied with 15cm black anti-corrosion ball chain.

- Dual position precision line clip moulded in reinforced nylon - will not damage your line.
- Extended 'antennae' will grip line, allowing you to fish slack lines and avoid wind bleeps.
- Tight lines - with or without back leads - can be fished as normal.

TYPE	QTY	CODE	R.R.P.(£)
Mega Bug (22mm)	1	BUG3	10.50
Maxi Bug (36mm)	1	BUG4	10.50

STAINLESS BUGS

These stainless bodied BUGS offer enhanced bite indication when fishing with tight lines, whilst retaining a super compact size that looks amazing! Each Stainless BUG features a milled channel for glue fit of Tritium Max Betalights. Supplied with 15cm black anti-corrosion ball chain.

- Dual position precision line clip moulded in reinforced nylon - will not damage your line.
- Extended 'antennae' will grip line, allowing you to fish slack lines and avoid wind bleeps.
- Tight lines - with or without back leads - can be fished as normal.

TYPE	QTY	CODE	R.R.P.(£)
Nano Bug (15g)	1	SNBUG	12.60
Micro Bug (18g)	1	SBUG1	12.60
Mega Bug (50g)	1	SBUG3	12.60

BUG WEIGHTS

Bug Weights can be added to your favourite Gardner Bug indicator to increase the weight. Each stainless weight is 5 grams.

- 5mm screw thread also suitable for use with many other popular bobbins.
- 4 Bug Weights per packet.
- Increase the tension on the bobbin clip by moving the bug o-ring.
- Improve bite indication at extreme long range, or when fishing close to snags or in weed.

TYPE	QTY	CODE	R.R.P.(£)
Bug Weights	4	BUGWT	5.99

BUG CHAINS

Chemically black stainless steel chain, will not corrode or snap. A 5mm female thread at each end.

TYPE	QTY	CODE	R.R.P.(£)
2.5cm	1	BUGC5	3.15
15cm	1	BUGC15	4.20
30cm	1	BUGC30	5.25

BUG ARM

This 'swinger' style arm is a great alternative to the ball style chains supplied with the Bug indicators.

- Twin pivot points allow free movement of the Bug indicator.
- Perfect for use with slack lines, with no chance of the indicator tangling.
- Can be screwed on to increase tension when fishing at long range or near snags.
- Incorporates 5mm threads that fit most bobbin heads.

TYPE	QTY	CODE	R.R.P.(£)
Bug Arm	1	BUGARM	7.35

BUG STICK

This Bug Stick is both strong and robust. The 60° angle gives better clearance for butt rings (important for compact buzzers) and allows you to have the butt-eye tight inside the buzzer when fishing with tight clutches.

- Offers anglers an alternative to the standard hockey stick supplied with the Bug indicators.
- 5mm thread is compatible with all BUG indicators and most other popular bobbins.

TYPE	QTY	CODE	R.R.P.(£)
Bug Stick	1	BUGST	1.99

MARGIN MASTER

Original lightweight bobbin indicator designed for close range margin work, but suitable for slack or semi-slack line fishing at any range. Excellent value for money.

- Micro-adjustable Free Flow Indicator Clip (see above), Betalight fits inside the body.
- Lite-gen colours with 16cm (6.5") ball chain with buzzer bar attachment.

TYPE	QTY	CODE	R.R.P.(£)
Blue	1	MGMB	4.99
Red	1	MGMR	4.99
Purple	1	MGMP	4.99
Green	1	MGMG	4.99
Amber	1	MGMA	4.99
Clear	1	MGMC	4.99

ADJUSTABLE LINE CLIP

Ideal for quiver type indicators, whipping or taping to rods, banksticks or for bait boat usage. Line can be clipped into jaws under tension. Infinitely adjustable (brass thumbwheel).

TYPE	QTY	CODE	R.R.P.(£)
Line Clip	1	ALC	2.50

BUG CRADLE

Allows you to fish slack lines and keep your bobbins off the floor and out of harm's way. The versatile two part design (hockey stick and cradle) is easily adjusted. Compatible with all Bug Indicators and most other bobbins, with an integral 5mm male thread.

- Lightweight, hi-impact moulded nylon for high quality finish and strength.

TYPE	QTY	CODE	R.R.P.(£)
Bug Cradle	1	BUGCR	5.25

BUG "O" RINGS

Replacement UV-resistant "O" rings to fit the line clip on all Bug indicators.

TYPE	QTY	CODE	R.R.P.(£)
Bug "O" Rings	3	BUGOR	1.20

SENSI-CLIPS

These easy to fit line clips, attach using an elasticated o-ring (supplied). They sit between the reel and the bite alarm and ensure the very best bite indication. Reducing the distance between the Sensi-Clip and the bobbin increases the sensitivity of the bite indication.

- Each pack contains 3 x Sensi-Clips and 3 x 25mm UV resistant o-rings.

TYPE	QTY	CODE	R.R.P.(£)
Sensi-Clips	3	SLC	5.25

FREE FLOW INDICATOR CLIP

Versatile bobbin line clip - excellent on all hangers, swing arm and drop-off indicators. Allows line to flow and micro-adjustable for optimum clip tension.

TYPE	QTY	CODE	R.R.P.(£)
Indicator Clip	1	FFIC	2.99

PIKE DROP OFF INDICATOR

Intended for open bail arm fishing but also useful off the baitrunner. Clips to rear bankstick but drops off when you get a run, allowing line to run freely. Ideal for pike, catfish, etc. Micro Adjustable Free Flow Indicator clip will also show drop backs.

TYPE	QTY	CODE	R.R.P.(£)
Pike Drop Off	1	PDO	7.35

PRO-PELA XL CARBON STICK

The 'PRO-PELA XL' is a carbon composite lightweight stick designed for use with boilies up to 25mm in diameter.

- The 'PRO-PELA XL' features a shrunk rubber hand grip that is comfortable even after prolonged use and offers a non slip grip, even when wet.
- The stick weighs in at approximately 85 grams.
- 96cm length and 30.5mm external diameter (29mm internal diameter).
- Supplied with a lightweight neoprene sleeve to protect it during storage and transit.

TYPE	QTY	CODE	R.R.P.(£)
XL Carbon Stick	1	HSPXL	73.50

SKORPION STIKS

Our best-selling throwing sticks offer superb value for money. Swan neck design increases centrifugal force meaning baits spin faster increasing accuracy and distance. Durable PVC material is virtually unbreakable and heat resistant (no warping). Non slip double handed grip and modified exit channel for maximum stability and pin point accuracy.

KNUCKLE GUARD

The Gardner Knuckle Guard has been designed as a universal guard to protect your hand from catapult elastic/pouch rebound. Can be used with many catapult brands thanks to the flexible Neoprene fabric that it has been made with.

TYPE	QTY	CODE	R.R.P.(£)
Knuckle Guard	1	SKG	3.15

RECTANGULAR ECO BUCKETS

A range of hard-wearing rectangular buckets, finished with a nicely tweaked version of our unique Gardner Camo pattern. They are made from recycled plastic and can be recycled themselves, making them a very eco-friendly option. The see-through lids are easy to take off and put back on and create an air-tight seal.

- Made from extra tough moulded material.
- Sturdy metal carrying handle and comfortable plastic hand grip.
- 4 Sizes available:
X Small: 19cm x 12.5cm x 7cm (no handle)
Small: 23cm x 14cm x 13.5cm
Large: 36.5cm x 23cm x 20cm
X Large: 39cm x 29cm x 22cm

TYPE	QTY	CODE	R.R.P.(£)
X Small (1.2 litre)	1	GTUB	2.50
Small (2.5 litre)	1	EBUC212	4.99
Large (10 litre)	1	EBUC10	10.99
X Large (17 litre)	1	EBUC17	13.99

ORIGINAL 5LTR RECTANGULAR BUCKET

A 5ltr hard-wearing bucket, finished with a version of our unique Gardner Camo pattern. Featuring a re-sealable lid and made from extra tough moulded material, complete with a sturdy metal carrying handle and comfortable plastic hand grip. 5 litre: Dims = 27cm x 18cm x 12.5cm.

TYPE	QTY	CODE	R.R.P.(£)
5 Litre Bucket	1	SBUC5	5.25

CAMO-LOT POT

The Gardner Camo-Lot PET Pot is ideal for storing soaked hook baits of your choice, as well as powders, etc.. The self-sealing air-tight lid allows baits to sit safely inside without any liquids leaking. 300ml capacity. Dark green base with camo wrap and black lid. 2 x adhesive labels included to allow content description. Diameter = 8.4cm, Height = 6.5cm.

TYPE	QTY	CODE	R.R.P.(£)
Camo-Lot Pot	1	CPP	2.65

BUCKET CUSHION

A padded square bucket cushion, that turns a square bucket into a comfortable seat. Ideal for the mobile and boat angler. Made from D600 waterproof material with a hard wearing non-slip waterproof base. Perfect for use on most large square buckets. Dimensions: 290mm x 260mm x 50mm. Weight: Approx. 220 grams.

TYPE	QTY	T.P. QTY	CODE	R.R.P.(£)
Bucket Cushion	1	1	HBC	6.11 10.99

DIP KIT

A kit to flavour, plug, boost and store baits and PVA bags. Containing our 1.2ltr Camo Tub, one of each of the Camo Pots, Camo Atomizers and Camo Injectors.

TYPE	QTY	T.P. QTY	CODE	R.R.P.(£)
Dip Kit	1	1	GDK	5.55 9.99

275ML POP-UP POT

The Gardner Pop-Up Pot is ideal for storing soaked hook baits of your choice, as well as powders, etc.. The self-sealing air-tight lid allows baits to sit safely inside without any liquids leaking. 275ml capacity. Diameter = 6.5cm, Height = 8.5cm.

TYPE	QTY	CODE	R.R.P.(£)
275ml Pop-Up Pot	1	HPP	1.30

CAMO ATOMIZER

Boost the attraction levels of your hook bait or zig with this atomizer spray bottle. The bottle will hold 30ml of your favourite flavour/ attractor and will quickly and easily give you an edge!

TYPE	QTY	CODE	R.R.P.(£)
Atomizer	1	GAT	2.50

BAIT TUBS

Popular, multipurpose bait tubs, supplied with secure fitting, perforated/branded, robust opaque lids. Perfect for use with most baits, including maggots. All tubs are 155mm x 155mm base dimensions and 165mm x 165mm lid dimensions. All tubes are made in the UK and are available in Black.

- Tubs feature bait volume levels moulded onto the side.
- Available in three sizes: 1.5 pint (5cm high), 2.5 pint (8cm high) and 3.5 pint (11cm high).

TYPE	QTY	CODE	R.R.P.(£)
1.5 Pint	1	BT1	1.99
2.5 Pint	1	BT2	2.50
3.5 Pint	1	BT3	2.99

CAMO INJECTOR

Adding liquids to boost solid or PVA stick has never been easier. The Gardner Injector Bottle is easy to fill with 30ml of your chosen attractor liquid using the supplied mini funnel. Then simply inject the required amount to complete your PVA presentation.

TYPE	QTY	CODE	R.R.P.(£)
Injector	1	GIN	2.50

BAITING SPOON

Another top seller with a multitude of uses from mass baiting with boilies and particles to ground baiting and dead baiting. Lightweight, fast and efficient - tough, high impact plastic to last a lifetime.

- Lightweight, fast and efficient - tough, high impact plastic to last a lifetime.
- Standard 3/8" BSF thread fits any landing net handle.
- L 31.5cm x W 7.5cm x H 6.5cm

TYPE	QTY	CODE	R.R.P.(£)
Baiting Spoon	1	GTBS	8.95

MUNGA SPOONS

These Munga Spoons are perfect for stirring up mixed baits for spodding, without getting your hands covered in pungent stinking fermented particle juices, food oils or other dips. Robust moulded design. Supplied as a pair - one of each green and brown. Made in the UK.

TYPE	QTY	CODE	R.R.P.(£)
Munga Spoons	1	GMS	5.25

"BALLS OUT" BAIT LAUNCHER

Casts balls of groundbait accurately and effortlessly, even at long range! Quick & efficient - Simply tie to your main line on a strong carp rod or spod rod and cast the Bait Launcher like a trebuchet.

TYPE	QTY	CODE	R.R.P.(£)
Balls Out	1	BOBL	4.20

POCKET ROCKETS

The original rocket science, casts like a dream, probably the most popular range of all time. Unique aerodynamics - better distance, accuracy and stability than other spoons.

- Super buoyant nose cone deposits bait and floats 'nose up', so ideal as a marker float.
- Solid design, with no holes, enables attractive liquid additives to be used.

BAITING SPOON HANDLES

For use with the Gardner Baiting Spoon. 3 sizes available; Short (solid steel), Lightweight (aluminium tube) and Long (composite). Feature standard 3/8" BSF fittings.

- **Short Handle:** well balanced with a black rubber grip for comfort, plus a Leather Lock Washer for improved locking/unlocking. 186g.
- **Lightweight Handle:** makes an ideal single handed spoon for short range work. Also excellent for spreading bait around a marker from a boat. 66g.
- **Long Handle:** twin black foam grips for comfortable use with our Baiting Spoon, as a short landing net handle on boats or with the Power Lifter Weigh Bar (see page 39).

TYPE	QTY	CODE	R.R.P.(£)
Short Handle	1	GTBSH	5.25
Lightweight Handle	1	LGTBSH	5.25
Long Handle	1	GTBSHL	13.65
Spoon & LW Handle	1	GTBSC	13.65

BAIT SHUTTLES

The modular Shuttle spoons carry their payload accurately with minimal bait spillage, and retrieve smoothly across the surface when emptied. Removable inner sleeve fits snugly into the spoons core allowing anglers to bait up with tiny particle baits and maggots. Detachable nose cone allows inner sleeve to be fitted/removed.

- High-viz buoyant orange nose cone is easily visible, even in low light.
- Cord cradle is orientated specifically so that it will not inhibit loading with bait.
- Two sizes - the Mini Bait Shuttle and the larger Bait Shuttle.

TYPE	QTY	CODE	R.R.P.(£)
Mini Bait Shuttle	1	BSHS	6.50
Bait Shuttle	1	BSHL	7.50

BAIT BOMBS

For moulding groundbait mixes into a solid tube that can be threaded onto the finished rig. Moulds excellent groundbait 'cakes' for any coarse fish, small or large.

- Available in two sizes, the Mini Bait Bomb = 30mm ø, the Bait Bomb = 40mm ø and as a twin pack also.

TYPE	QTY	CODE	R.R.P.(£)
Mini Bait Bomb	1	MTB	6.50
Bait Bomb	1	BTB	6.99
Twin Pack	1	TBB	9.99

FINGER STALLS

The Velcro fastened design combines minimalist size and weight with uncompromised protection of your casting finger when fishing in high impact scenarios.

- Supple leather protects casting finger, whilst repetitive casting out.
- Available in 2 sizes; standard and large in left and right handed versions.

GREEN	QTY	CODE		R.R.P.(£)
		STANDARD	LARGE	
Right	1	GFSR	GFSLR	6.99
Left	1	GFSL	GFSLL	6.99

CASTING GLOVES

Purposely designed for spodding. Perfect for braid users and big casters (including sea anglers).

- Double skin leather index finger that protects without losing that essential 'feel' and padded anti-slip palm to help stop the rod from slipping during powerful casts.
- Now available in two different sizes; standard and extra large.

GREEN	QTY	CODE		R.R.P.(£)
		STANDARD	LARGE	
Right	1	CGR	CGRXL	9.50
Left	1	CGL	CGLXL	9.50

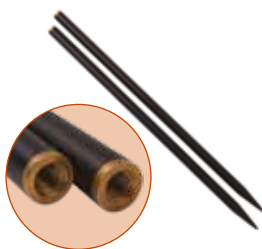

MARKER ELASTIC

Super soft 0.8mm latex perfect for tying 'stop-knots' on your main line to mark range for casting and baiting accurately. Easily removed by pinching and sliding off the line.

- Available in Yellow. 8m Spools.

TYPE	QTY	CODE	R.R.P.(£)
Yellow	1	MEY	3.15

WRAPPERS (PAIR) MEASURING STICKS

These smooth sided, clutter free, aluminium sticks are ideal for 'wrapping' your main line around when you clip up onto the line clip on your reel spool, to accurately fish at a predetermined range.

- Wrappers are supplied as a matching pair.
- Wrappers length: approx. 46cm (18 inch).
- Wrappers are lightweight only 162 grams (pair).
- Feature a 3/8 BSF thread so they can be used with buzzers, rod rest heads, etc.

TYPE	QTY	CODE	R.R.P.(£)
Wrappers	2	WRAP	10.50

H-BLOK MARKER FLOATS

The classic markers - stay directly above the lead at all times, despite strong currents/waves.

- Standard size includes cord and a lead strip (line automatically unwinds to correct depth).
- Toughened, high viz, fluorescent orange, moulded plastic, easily visible at long range.
- Standard = L 12cm x W 11cm x H 3.5cm; Mini = L 6cm x W 5.5cm x H 1.75cm.

TYPE	QTY	CODE	R.R.P.(£)
Mini	1	MHBLOK	4.20
Standard	1	HBLOK	8.40

SEEKER MARKER FLOATS

Superb casting, robust aerodynamic plastic marker with interchangeable screw in flights.

- Supplied with a pair of coloured screw-on flights to suit different light conditions.
- Lightweight, strong (with a tough attachment loop), highly buoyant and perfectly visible.
- Length 23cm x Diameter 18mm (at widest point) with 50mm round profile flights.

TYPE	QTY	CODE	R.R.P.(£)
Marker Floats	1	MFSE	6.99

DELUXE PENCIL MARKER FLOATS

A slim-bodied, flighted, balsa marker float - the most buoyant and best casting marker you can buy. Casts like a dream, lightweight 'dart' shape for pin point accuracy and tangle-free casts.

- Extra long swivel attachment loop, embedded into the balsa body.
- Available sizes: Standard = L 20.5cm x 1cm ø, Large = L 22.5cm x 1.6cm ø, and in a twin pack also (1 of each size).

TYPE	QTY	CODE	R.R.P.(£)
Standard	1	PMF	6.30
Large	1	PMFL	6.85
Twin Pack	2	PMFT	10.50

MICRO-MESH PVA SYSTEMS

Each system features a strong outer tube, a funnelled inner loading tube and a dedicated plunger. The standard system features a PVA mesh that is perfect for smaller PVA bags and exploding stringers. The wide system features a great general purpose size PVA for any carp and specimen angler.

- Fine denier weave, ideal for use with maggots and tiny pellet powder combinations, ensures rapid melting in cold water conditions.
- Anti-ladder and robust enough for all PVA fishing requirements.
- The Pocket sized systems enable the angler to save space.
- Wide PVA = 35mm ø, Standard PVA = 25mm ø and Narrow PVA = 15mm ø.
- Pocket Systems = 6m / Other systems = 7m.
- The Double Barrel PVA System contains 7m of Standard and 7m of Wide.

TYPE	QTY	CODE	R.R.P.(£)
Pocket Standard 6m	1	PBEL	7.99
Pocket Wide 6m	1	PWBEL	7.99
Pocket Double Barrel 6m	1	PDBEL	12.99

PVA PLUNGER

Plastic PVA plungers suitable for the PVA systems. 2 sizes available.

- The Narrow Plunger is suitable for the Narrow System.
- The double ended Plunger is suitable for either Standard or Wide Systems.

TYPE	QTY	CODE	R.R.P.(£)
Narrow Plunger	1	PVAPS	1.99
Plunger	1	PVAP	1.99

PVA TAPE

High performance wide PVA Tape. 20m spool.

- 16mm wide, untwisted, high quality clear PVA tape.
- Ultra-thin (only 25 microns thick) makes this tape fast dissolving and reliable in a wide range of temperatures.
- pH neutral.

TYPE	QTY	CODE	R.R.P.(£)
PVA Tape	1	PVA16	5.25

BRAIDED PVA STRING

A fine braided PVA that offers benefits in terms of reduced stretch and fast reliable melting. 20m spool.

- Ultra-fine weave structure offers high surface area for consistently quicker dissolving times.
- Particularly useful for tying solid bags and stringers.
- pH neutral.

TYPE	QTY	CODE	R.R.P.(£)
Braided PVA String	1	PVA7	5.25

SOLID PVA STRING

A solid extruded PVA that offers benefits in terms of increased strength and reduced stretch. 20m spool.

- Extremely easy to use, this strong string makes knots which are small and unobtrusive.
- Particularly useful for tying solid bags and stringers.
- pH neutral.

TYPE	QTY	CODE	R.R.P.(£)
Solid PVA String	1	PVA8	5.25

BAGGIT

Purpose designed PVA bag filler. Wide funnel neck for easy loading.

- Fits all PVA bags, tubes and Standard Size (Wide Boy) mesh.

TYPE	QTY	CODE	R.R.P.(£)
Baggit	1	BAG	3.99

GARDNER
ROLABALL
LONGBASE
FOR USE WITH SAUSAGE ROLLING

The Rolaball Longbase bait maker will produce good quality bait with less effort. With an extended base, allowing for a longer stroke, you'll finish every time, the Longbase is so simple to use, it will pay for itself.

HARDWARE

- BUZZER BARS - 83
- BANKSTICKS, POLES & ACCESSORIES - 84
- ACCESSORIES - 85
- ROD RESTS - 86

BLACK SHADOW BUZZER BARS

These lightweight but hardwearing Black Shadow Buzzer Bars are the ideal choice for carp, predator and specimen coarse anglers. The use of quality materials, like lightweight high-grade aluminium, offers the angler greater mobility by reducing weight compared to other heavier bankware available on the market.

- Made from lightweight, high-grade aluminium with a hardwearing black anodised finish.
- Fitting threads have a gnarled locking/alignment collar for secure buzzer placement.
- The Black Shadow Buzzer Bars feature common fittings and 'standard' 3/8 BSF threads, so that they will work in conjunction with the rest of the range and other standard bankware.

TYPE	QTY	CODE	R.R.P.(£)
2 Rod 6" (15cm)	1	BSB6	10.50
2 Rod 7" (18cm)	1	BSB7	10.99
3 Rod 10" (25cm)	1	BSB10	11.99
3 Rod 12" (30cm)	1	BSB12	12.99

BLACK SHADOW SNAG BUZZER BARS

These goal-post style Black Shadow Snag Buzzer Bars are designed to utilise 2 banksticks, making them much more secure when compared to conventional buzzer bars. The twin stick arrangement resists twisting when you get a bite and having a secure rod setup means greater control right from the get go.

- Made from lightweight, high-grade aluminium with a hardwearing black anodised finish.
- Fitting threads have a gnarled locking/alignment collar for secure buzzer placement.
- The Black Shadow Snag Buzzer Bars feature common fittings and 'standard' 3/8 BSF threads, so that they will work in conjunction with the rest of the range and other standard bankware.

SO SOLID BEASTIE BARS

Chunky style 2 rod buzzer bars, in the popular matt green finish. Sold in pairs. Manufactured from high tensile aluminium and brass fittings. Supplied as a pair.

- Front: 120mm, Back: 110mm.

TYPE	QTY	CODE	R.R.P.(£)
Beastie Bars	2	SSBB	19.99

SO SOLID NANO BARS

Nano bars are perfectly sized to allow rods to be fished close together, even when using big pit reels. Swan neck design. Supplied as a pair - front and back.

- 3 Rod: Front - 256mm / Back - 230mm

- Strong yet lightweight high tensile aluminium.
- Camo matt green coated finish.

TYPE	QTY	CODE	R.R.P.(£)
3 Rod	2	STANB3	19.99

BLACK SHADOW BANKSTICKS

Black Shadow extendable Banksticks are lightweight yet hardwearing. They offer reliable performance, look superb and are excellent value for money. Feature a slotted gnarled thumb screw that locks up securely on the solid inner. They are quick and easy to set-up, making them the perfect choice for anglers who need a rock-solid setup.

- Made from lightweight, high-grade aluminium with a hardwearing black anodised finish.
- Fitting threads have a gnarled locking/alignment collar for secure buzzer placement.
- The Black Shadow Banksticks feature common fittings and 'standard' 3/8 BSF threads, so that they will work in conjunction with the rest of the range and other standard bankware.

SO SOLID SCREWS

Dedicated dual purpose fitting, designed to enable the popular So Solid Sticks and So Solid Solos to be used in hard ground and on platforms.

- **Now sold in pairs.**
- Incorporates 3/8 BSF thread to fit screw thread at the base of the matt green Sticks.
- Removable 8cm ground spike penetrates and grips in the hardest ground.
- Platform fitting allows the screw tip So Solid Sticks/Solos to be securely attached to wooden platforms. Supplied with two self tapping screws.

TYPE	QTY	CODE	R.R.P.(£)
So Solid Screws	2	SSS	12.99

BROLLY POLES

The original (first on the market) – there is no equal in terms of strength or long life.

- Individually machined from solid aluminium; these poles will literally last a lifetime.
- Machine threaded tip and steel T-bar for winding into really hard banks.

TYPE	QTY	CODE	R.R.P.(£)
91cm (36")	1	BP36	23.99

CAMERA ADAPTOR

Converts a bankstick or tripod into a camera mount for self-takes.

- Solid brass will not rust.
- 3/8 BSF thread fits any bankstick or tripod and any camera (including digital cameras).
- Includes Safety Washer to protect base of camera.

TYPE	QTY	CODE	R.R.P.(£)
Camera Adaptor	1	CA	4.20

CAMERA ANGLE

Multi-angle camera adaptor designed for optimum adjustability. Ideal for self-take shots.

- 360° ball & socket joint allows camera to be orientated for precise framing.
- Extended T-Bar locks securely, eliminating camera movement even with large cameras.
- 3/8 BSF thread fits any bankstick or tripod and any camera.
- Includes Safety Washer to protect base of camera.
- Black powder coated solid steel and brass for anti-rust durability to last a lifetime.

TYPE	QTY	CODE	R.R.P.(£)
Camera Angle	1	CANG	12.99

SPACERS

Used to separate swing arm indicators from buzzers to make On/Off switches or jack plugs more easily accessible.

- Alternatively they can be used as rod height spacers. Sold in pairs.

UV O-Rings	3	GOR	1.20

DUAL GRIPPER HEAD

The flexible Dual Gripper Heads securely retain and release smoothly on the strike. Fits a variety of rods from abbreviated to full cork or duplon handles.

- These heads feature dual 13mm and 20mm diameter recesses for different sized butts.
- These Dual Gripper Heads work superbly with almost any handle including full cork/duplon, slim-line, shrink wrap or abbreviated handles.
- Flexible composition offers the perfect balance between grip, strength and flexibility.
- Molded 3/8 BSF thread fits standard bank sticks.

TYPE	QTY	CODE	R.R.P.(£)
Head	1	DGH	2.65
Heads x 3	3	DGH3	6.30

G-FORCE HEAD

'Locked up' snag rest - prevents rod butts lifting during violent takes and an ideal rear rest for flowing water, these are perfect for barbel anglers. Ideal for fishing along the nearside margin.

- Made from silicone treated rubber for the perfect balance of grip, strength and softness (designed to flex without breaking and grip without sticking).
- Brass 3/8" BSF thread fits most banksticks, etc.
- Unique extra long brass stud allows head to be positioned in either direction without needing to be loosened.
- The G-Force has proven popular with trolling pike anglers on an ideal secure rod rest.

TYPE	QTY	CODE	R.R.P.(£)
Head	1	GFH	4.20

TRU-LOK GRIPPER HEAD

Non-twist, quick release rear heads with improved lock-up.

- Unique shape holds rods steady during fast takes or high winds, yet allows easy striking.
- Unique Kwik-Lok system enables bars and heads to be attached and aligned in seconds.
- Silicone rubber for optimum grip and flex with solid brass Anti-Twist hex washer.
- Brass 3/8" BSF thread fits most banksticks, etc.

TYPE	QTY	CODE	R.R.P.(£)
Head	1	TLGH	4.50

GRIPPER HEAD

A great high grip rear rest suitable for most rods.

- Brass 3/8" BSF thread fits any bankstick or buzzer bar.

TYPE	QTY	CODE	R.R.P.(£)
Head	1	GH	3.70

ROD REST HEADS

Front and Rear heads, designed to hold rods stable in high winds - superb value for money.

- Black nylon with solid thread.

TYPE	QTY	CODE	R.R.P.(£)
Front Head	1	RRHF	1.60
Rear Head	1	RRHR	1.60

FLEXIBLE RUBBER HEAD

Designed primarily as a rear head but with a slotted line guide for use at the front as well.

- Can be moulded to the width of your rod butt after being immersed in boiling water.
- Silicone rubber mix with removable solid brass stud (for push-on or screw-in buzzer bars).
- Brass 3/8" BSF thread fits most banksticks, etc.

TYPE	QTY	CODE	R.R.P.(£)
Head	1	FRH	3.99

NEW

SYRUP

This remarkably dense liquid has the ability to instantly heighten the attractive properties of any bait it is added to. It creates a stimulating glaze that will instantly disperse through the water layers from the bottom up. With an impressive blend of our exclusive revolutionary milk taste-enhancer and other liquid enhancers, it will work effectively in any water temperature.

TYPE	QTY	CODE	R.R.P.(£)
Syrup 500ml	1	CSS	8.99

LIQUID FOOD

Manufactured entirely from natural nutritious liquids, soluble sweeteners and our exclusive milk taste-enhancer, this completely PVA friendly liquid boasts an endless list of applications. It can be used in all conditions and due to the dense, soluble ingredients it will 'hug' the bottom, releasing a stream of attraction.

TYPE	QTY	CODE	R.R.P.(£)
Liquid 250ml	1	CSLF	5.99

WASHED OUT POP UPS

A mix of 3 subtle colours all boosted with the unique Cream Seed additives. Utilising the key ingredients of the range in conjunction with our premium buoyancy aid that will keep each bait popped up indefinitely.

SYRUP

The ultimate in marine-derived syrups! Although in a viscous consistency, this syrup contains the same marine proteins, liquid additives and proven aquatic stimulant that makes the range so effective. Due to its unique structure it will 'cling' to almost anything applied to it, making it the perfect choice for quickly coating hookbaits just before casting.

TYPE	QTY	CODE	R.R.P.(£)
Syrup 500ml	1	BMS	8.99

LIQUID FOOD

Crammed full of liquid marine proteins, liquid additives and our proven aquatic stimulant, this dense PVA friendly liquid has an endless list of applications. Due to its soluble ingredients, it will linger in the water encouraging fish to feed.

TYPE	QTY	CODE	R.R.P.(£)
Liquid 250ml	1	BMLF	5.99

WASHED OUT POP UPS

These subtle coloured pop ups provide a multitude of hookbait options. Needle friendly and Ultra Buoyant they will remain popped up indefinitely. Packed full of marine proteins, liquid additives and our proven aquatic stimulant.

TYPE	QTY	CODE	R.R.P.(£)
14mm 200ml	1	BMWOP14	5.99
18mm 200ml	1	BMWOP18	5.99

BOOSTED HOOKBAITS

These highly concentrated hookbaits are smothered in an enhanced formula to create a powerful, instant attract hookbait option. The ultra tough skin provides a barrier against nuisance species yet still remains soluble.
